REVIEW OF SUBDIVISION REVISION:

Jonathan Thorne addressed the board for his subdivision revision of Lot # 4 of the Brookview Estates Subdivision, he provided the final plan and copies of his deeds from abutters.

Dottie stated then I guess we are all set to sign the Mylar and copies.

Ed asked how many copies and Dottie stated three.

Aaron went through the submissions for the final plan for a minor subdivision including any deed restrictions, field survey and septic tank design; there was no letter for water from a well driller. Aaron asked about the road construction.

Jonathan stated that Pendexter Way was approved by the road commissioner in 2009.

Ed asked about the entrance location.

Jonathan stated that the entrance location was approved by a prior board and he has an entrance permit with site distances which he showed the board.

Aaron motioned and Dottie seconded the motion to approve the subdivision revision of Lot 4 for Jonathan Thorne.

Aaron stated that he wanted to know how the board wanted to handle number 6 requiring a letter for water, he continued by stating he was pretty sure there was no problem considering the other wells in the area there was at least 3wells nearby.

Jonathan stated he has spoken to Bruce Champney, Western Maine Wells but does not have a letter but Bruce said that there will be water there.

Aaron withdrew his motion and Dottie withdrew the second.

Aaron then made the motion and Dottie seconded the motion that based upon information provided by the applicant condition number six of the minor subdivision submissions has been met due to the fact there are three wells within close proximity.
