

**April 1999**

We produced a three-evening series held at the IM School of Healing Arts. The first evening was on Orgone Therapy; the second evening was on three approaches to cancer—conventional, complementary and orgone therapeutic; the third evening was held on Earth Day and focused on the state of the environment and a new publication by Wilhelm Reich, *American Odyssey*.

**November 3, 1999**

At the New York Academy of Sciences, Dr. Rudy Schild, a Harvard astronomer and astrophysicist, spoke on “The Structure of the Universe: Cosmology and the Limits of Knowledge.” Michael Mannion spoke on “Cosmic Superimposition” by Wilhelm Reich, introducing Reich’s energy investigations from the subatomic to the galactic realms.
