

Even Keel Advanced Maintenance Program

Let's face it...time aboard your vessel is precious. Regular maintenance is key to keeping her running smooth. However, lack of regular maintenance, periods of inactivity and lack of use can wreak havoc on all your systems and entire vessel!

Cruise Cool feels your pain, so we are now introducing the **Even Keel Advance Maintenance Program**, which is a combination of routine inspections and preventative maintenance checks from bow to stern on your vessel.

The objective to the Even Keel Advanced Maintenance Program

is to increase reliability and integrity of shore power, air conditioning, critical systems, electrical, bonding, sanitation, appliances, etc. to catch problems before they become larger ones. This program was designed to help prevent family and friends from being disappointment when time on the water has been scheduled.

How the Even Keel Advanced Program Works

- The program is a one-year Maintenance agreement
- Customer and Cruise Cool signs agreement
- Cruise Cool sets the Customer schedule for the year
- Cruise Cool Technician performs regular checks
