## Community Spiritual Director

First of all let me welcome the men of walk #34 to our community. What a wonderful weekend it was! The testimonies we heard on Sunday night were overwhelming. As one man after another shared what the 3 days had meant to them we were once again reminded why we do this.

Just as so many people worked to make our weekend special it is a real privilege to be able to be a part of the weekend that has made a difference to these men. I have personally been trying to pay the debt I owe to all those who made my weekend special for 32 years now by being involved in as many walks as possible.

Guess what? I still have a long way to go. I don't think I could ever do enough to repay those who worked to make God's presence so real to me in 1990. Having said that, I wonder why we don't have hundreds of people showing up for the weekend events.

Sometimes we forget how special so many people, mostly people we didn't know, made our walk. We need to understand just how important our presence and our participation in every walk is. Jesus told us we would be his witnesses in all the world (Acts 1:8). I pray each one of our community members will give some thought to taking part in the upcoming women's walk by sponsoring, serving meals, attending the community events, writing letters, providing agape, and supporting these women as they spend 3 days at Ruggles camp. There are many ways to be supportive and just as people supported us, we need to be there for these women.

Grace and peace to each of you as you continue your fourth days.

## From Men's Walk #34 Lay Director

LOVEMMAUS community, I wish to thank you for trusting me as the Men's Lay Director for Walk #34.

The pilgrims started blending Thursday night. Early Friday morning they started to open up and looking for a healing from their pain. As the walk continued to progress our God continued to show his presence. I must say this was the most amazing walk that I have been associated with. The men were searching for something and some may have found what they were looking for. I was amazed with everything that happened on the walk. I wish I could have been there to hear the comments from the pilgrims as they said what the weekend meant to them. But instead the I was taken to the Hospital. I was diagnosed with pneumonia and NOT covid, or a stroke, or a heart attack. I received fluids, meds, and some breathing treatments. Released Monday afternoon from the hospital and I rested for the next couple of days. I was blessed more than you could ever imagine. Once again I wish to thank the community for entrusting this walk to me and the team of walk #34

**SHARE GROUPS!!** I am looking for you! I would like to hear from all of our share groups. If you are a member of a share group, please reach out to me to let me know about your share group.

As a community the Upper Room requires us to keep track of our share groups and we would like to make sure our records are accurate. Also, it is inspiring to introduce our pilgrims to the concept of share groups. What better way to communicate the importance of a share group then to show them just how many we have throughout our community.
