TO WHOM IT MAY CONCERN,

I have been asked to evaluate cleaning services for Tier One Building Services at our orthodontic office. Tier One has been cleaning for almost 3 years at our new office on Riverside Drive in Johnson City. Their work has always been professional in that they are dependable, consistent and very thorough in all areas of cleaning maintenance.

We receive comments and patient feedback about the cleanliness and overall attractiveness of our office and although it is three years old it still looks brand new. This excellent appearance is partly due to the quality of services we receive from Tier One.

The staff is always courteous, nice, on time and their appearance is professional. They consistently do all the tasks required and show a career commitment to their work. I would have no problem recommending Tier One Building Services for any professional practice.

If I can be of further help, do not hesitate to call me.

Sincerely,

Mark P. Hatala, D.D.S.

To Whom It May Concern:

Tier One Building Services has been providing cleaning services for our preschool in Owego for the past three years, and more recently has been cleaning office space in a facility we rent in Owego for the past eleven months.

I have found the staff of Tier One to be very dependable and the services they provide to be very high quality. They consistently perform to our expectations and standards. Workers are very personable and professional, and we have been extremely satisfied with the fine job they do.

I would highly recommend Tier One Cleaning Services to anyone who is looking for excellence in cleaning services.
