**Stay for just a while, stay,
and let me look at you
It's been so long, I hardly knew you
Standing in the door
Stay with me a while,
I only wanna talk to you
We've traveled halfway 'round the world
To find ourselves again**

September morn

**We danced until the night became a brand new day
Two lovers playing scenes from some romantic play
September morning still can make me feel that way**

**Look at what you've done
Why, you've become a grown-up girl
I still can hear you crying,
In a corner of your room
And look how far we've come
so far from where we used to be
But not so far that we've forgotten
How it was before**

September morn

Do you remember how we danced that night away
Two lovers playing scenes from some romantic play
September morning still can make me feel that way

----- Piano Interlude -----
