

September News

Favorites from August

Our staff has thoroughly enjoyed getting to know your children throughout the month of August! Some of our favorite activities included spaghetti and marshmallow building, bubble towers, and learning a few dance moves from Coastal Performing Arts Academy!

Upcoming Events

Doodlebugs is proud to have partnered with Coastal Performing Arts Academy to provide an after school dance program for our students. We bring the dance studio to the school! No more running around town to get your children to their extra activities. Registration will be September 10th – 14th and classes will begin September 17th.

Stay Connected!

Doodlebugs After School Program will begin using the Remind app this month to stay in contact with parents and guardians! It is super easy to navigate and you can receive notifications through text message. Simply text the code for your child's group to 81010 and you will be able to receive updates and pictures of your child!

September's Focus

This month we plan to focus on critical thinking challenges through STEM projects! STEM is an acronym for the fields of science, technology, engineering, and math. By exposing students to STEM, we are promoting their ability to analyze and problem solve. Children are challenged to design, experiment, redesign based on results, and to work cooperatively with other students. This month's STEM challenges include:

- Build a Boat. Will it Float?
- Geometric Marshmallow Shapes
- Wikki Stix Parachute Man
- Building Bridges
- Candy Corn Towers
