

### Health & Safety Mission Statement

*“The Company is committed to ensure that all activities carried out both on site and at its premises or undertaken by its staff (or their agents) are managed in such a manner so as to control, reduce, or eliminate all foreseeable risks to the health & safety of any person(s) who may be affected by such activities, to zero”.*

### General Policy Statement

In furtherance of the above statement and the need to ensure compliance with all relevant health & safety legislation the Company will pay particular attention to the provision of:

- adequate control of the health and safety risks arising from our work activities;
- consultation with our employees on matters affecting their health and safety;
- a safe place in which to work with safe means of access and egress;
- suitable and sufficient information, instruction, training and supervision to enable all staff, students, young persons, foreign workers, contractors and visitors to comply with the Company Health & Safety Policy;
- safe plant and equipment and safe systems of work;
- appropriate management and controls to prevent accidents and work related ill health;
- arrangements for the safe use, handling, storage and transport of articles, materials and substances;
- appropriate management procedures and consultative arrangements to monitor and audit compliance with Company Health & Safety Policy;
- appropriate arrangements to assess and control the risks associated with work activities undertaken by the Company or by Company personnel;
- appropriate procurement policies to ensure that only competent contractors and suppliers are engaged by the Company;
- management and controls to ensure regular planned H&S policy reviews occur including reviews as may be necessary due to change(s) in circumstances.

The Directors are committed to implement this policy and have made provision for both financial and manpower resources to achieve this. They have appointed responsible, competent personnel and consult with external sources for Health and Safety matters as and when the need arises.

### Signed
