

It only takes a minute

180

Ah, ha, yeah, yeah, ah, ha, yeah

**Once an hour of the day, we threw at least fun away
Walk the streets half a year, tryin' to find a new career
Now if you get a flu attack, for 30 days you're on your back
Through the night I've seen you dance**

Baby, give me half a chance

**It only talk a minute, girl, to fall in love, to fall in love
It only talk a minute, girl, to fall in love, let's fall in love**

Ooh, ooh, Ooh, ooh

Now in the unemployment lines

You can spend your life readin' signs

Waitin' for your interview

They can shoot the whole day for you, yeah

Now winter's gonna turn to spring

And you haven't accomplished a thing

[Haven't accomplished a thing]

So baby, leave a little time

'Cause you never know what's on my mind, yeah

It only talk a minute, girl, to fall in love, to fall in love

**It only talk a minute, girl, yeah,
to fall in love, let's fall in love**

It only takes a minute

180

**Bom, bom, bom, bom, fall in love
Bom, bom, bom, bom, fall in love
Bom, bom, bom, bom, fall in love
Bom, bom, bom, bom, fall in love
Bom, bom, bom, bom, fall in love
Bom, bom, bom, bom, fall in love
Ooh, only talk a minute, girl, baby**

To fall in love, to fall in love

It only talk a minute, girl

To fall in love, let's fall in love

Only talk a minute, girl (To fall, to fall) [Baby]

To fall in love (Yeah), fall in love

It only talk a minute, girl [Girl] (Come on now)

Fall in love, let's fall in love
