NOTICE TO ALL GENERAL ASSISTANCE APPLICANTS

USE OF INCOME REQUIREMENTS

Income for basic necessities. Applicants are required to use their income for basic necessities. Except for initial applicants, no applicant is eligible to receive assistance to replace income that was spent within the 30-day period prior to the application on goods and services that are not basic necessities. All income spent on goods and services that are not basic necessities will be considered available to the applicant and combined with the applicant's prospective 30-day income for the purposes of computing eligibility. 22 M.R.S.A. § 4315-A. Applicants who have sufficient income to provide their basic necessities but who use that income to purchase goods or services which are not basic necessities will not be considered eligible for assistance. Persons who exhaust their income on basic necessities and who still need assistance with other basic necessities will be eligible, provided that their income does not exceed the maximum levels of assistance.

Use-of-income requirements. Except for initial applicants, anyone applying for general assistance must document their use of income to the administrator. This documentation can take the form of check stubs and/or receipts which demonstrate that the applicant has used his/her income for basic necessities.

Allowable expenditures include reasonable shelter costs (rent/mortgage); the cost of heating fuel, electricity, food and non-prescription drugs *up to the ordinance maximums*; telephone costs at the base rate *if the household needs a telephone for medical reasons*, the costs of nonelective medical services as recommended by a physician which are not otherwise covered by medical entitlement or insurance; the reasonable cost of essential clothing, and the costs of any other commodity or service determined essential by the administrator.

Cable television, cigarettes/alcohol, gifts purchased, costs of trips or vacations, court fines paid, repayments of unsecured loans, credit card debt, costs associated with pet care; etc. are not considered basic necessities and will not be included in the budget computation.

The municipality reserves the right to apply additional use-of-income requirements to any applicant, other than an initial applicant, who fails to use his/her income for basic necessities or fails to reasonably document his/her use of income. 22 M.R.S.A. §4315-A. Those additional requirements will be applied in the following manner:

- 1) The administrator may require the applicant to use some or all of his/her income, at the time it becomes available toward *specific* basic necessities. The administrator may prioritize such required expenditures so that most or all of the applicant's income is applied to housing (i.e., rent/mortgage), energy (i.e., heating fuel, electricity), or other specified basic necessities.

- 2) The administrator will notify applicants in writing of the specific use-of-income requirements placed on them.

- 3) If upon subsequent application it cannot be determined how the applicant's income was spent, or it is determined that some or all of applicant's income was not spent as directed and was also not spent on basic necessities, the applicant will not be eligible to receive either regular or emergency general assistance to replace that income.

- 4) If the applicant does not spend his/her income as directed, but can show with verifiable documentation that all income was spent on basic necessities up to allowed amounts, the applicant will remain eligible to the extent of the applicant's eligibility and need.

NOTICE TO ALL GENERAL ASSISTANCE APPLICANTS

LIMITS ON EMERGENCY ASSISTANCE

Limitation on emergency assistance. Applicants are not automatically eligible for emergency assistance. If applicants had income which could have been used to prevent all or part of an emergency, but they spent that income on items which are not basic necessities, they will not be eligible to receive general assistance to replace that money. Applicants have the responsibility to provide the administrator with verifiable documentation demonstrating that the applicant did not have sufficient income to avert the emergency situation. According to the following criteria, the administrator may limit emergency assistance to cover only the difference between the amount of money necessary for the household to avoid the emergency and the amount of income available to the household during the applicable time period.

- a) The applicable time period shall be the 30 days preceding the application for emergency assistance, except in those cases where the emergency was created by a negative account balance for a commodity or service (such as rental, mortgage or utility payments), and the negative account balance was created over a longer period of time. In such cases, the applicable time period shall be the consecutive length of time the account balance has been in the negative.
- b) The administrator shall seek from the applicant all information pertinent to the applicant's ability to provide for his or her basic necessities for the applicable time period.
- c) The applicant shall provide evidence of income and resources for the applicable time period.
- d) The administrator shall compute all costs for the household's basic necessities during the applicable time period, per month, in accordance with the maximum levels established by this ordinance or the actual monthly cost, whichever is less, including all costs associated with averting the particular emergency situation for which the applicant is seeking assistance.
- e) From the total household costs for basic necessities during the applicable time period, the administrator shall subtract the total income and lump sum payments available to the household for the applicable time period as well as the total general assistance actually received during the applicable time period.
- f) The administrator may restrict the issuance of emergency assistance to the difference yielded by the computation in sub-section (e), even when such a grant will not totally alleviate the emergency situation.
- g) The administrator shall not apply this limitation of emergency assistance to first time applicants, that is, persons who have not applied for or received general assistance from this municipality within the last 12 months or any other municipality within the last 6 months.
- h) The administrator may elect not to apply the above limitation on emergency assistance in life threatening situations or in situations where the applicant did not have reasonably sufficient notice of the municipal authority to so-limit a grant of emergency assistance.
- i) Notice of the municipal authority to limit emergency assistance according to 22 MRSA § 4308(2)(B) and this ordinance shall be issued to all applicants.
- j) Nothing in these criteria may be construed as prohibiting a municipality from electing to alleviate an emergency situation in the most cost-effective manner available, provided such a determination of eligibility for emergency assistance is in conformance with general assistance law.

Administrator: Please read the following to the applicant or have the applicant read it in your presence.

Further assistance may be denied until that person reimburses the municipality for the assistance or enters into a written agreement, which must be reasonable under the circumstances, to reimburse the municipality or that person has been ineligible for assistance for a period of 120 days, whichever period is longer.
