WHERE WE BEGAN

Gliders by Miller offers solid wood chairs, rockers, and other seating that are all handcrafted from the finest North American hardwoods. Our seating includes a full line of children's chairs, tables, and rockers all built to handle playful energy and the comfort for winding down.

We've built our rockers and gliders to reduce the stress on your spine. They offer that soothing feeling that puts both newborns and adults into a comfortable sleep. You can be certain that all of our pieces are carefully handcrafted in the USA to accentuate the beauty of solid wood furniture.
