Monthly Recap:

In January we spent time learning about fire safety, animal discovery and penguins. We practiced our monthly fire drill, built penguin habitats, and animal puppets. We also started Leap Loot, our new rewards system! Students can earn coins daily and once they reach a certain amount, they can start cashing them in for prizes and incentives!

Things to Know for February:

During the month of February, we have a lot of exciting things happening here at LEAP! Our themes for the month include : Dental Health, Valentine's Day, & Presidents Day! Our focus for this month is on a lot of extensive STEM projects that will allow students the opportunity to building something with just their hands.

We will be starting our monthly service project which will include donating items for backpack buddies. All of February we will be collecting can food items. These can be dropped off with your site director at the door during pick up!
