Minimum Qualifications: High school graduate. Must be computer and network/internet literate. Should have the ability to understand and carry out oral and written direction, and maintain cooperative and professional relations with the public at all times. Should be organized and accurate with a solid understanding of basic English, simple bookkeeping practices and math at a level required for successful job performance. Must have 1 year of experience in general construction work, or equivalent. Must live within 1 hour traveling time to Shelter Cove. Must possess a valid California driver's license. Passing a pre-employment physical and drug screen required.

Salary: Compensation range \$14.34 to \$23.76. BOE.

Journeyman Lineman:

Minimum Qualifications: High school graduate. Must have completed an accredited 4-year apprenticeship program and have 4 years Journeyman line experience.

Under general supervision, perform experienced level work in the construction and maintenance of overhead and underground electrical lines and electrical distribution system, and perform related duties. Must live within 1 hour traveling time to Shelter Cove. Must possess a valid California Class A driver's license. Passing a pre-employment physical and drug screen required.

Salary: Compensation range \$37.06 to \$54.01 BOE.

Holiday Announcement:

The District offices will close on Monday, September 3rd in observance of Labor Day.

School in Session Soon:

The new school year begins soon, so please drive carefully especially when you observe children or the school bus. The District wishes to remind drivers who use the District parking lot to observe the 5-mph speed limit and to stop when the school bus's red lights are flashing.

Irrigation Systems Check:

This month we have had an uptick in the number of customers using high amounts of water. If you have an irrigation system in place, please check it for leaks on a regular basis to avoid unnecessary waste of potable water. It may also reduce your utility bill.

Library Opening Times:

Look for the rainbow windsock in the parking lot. It is hanging out when the library is open or check www.sheltercovepioneers.org/library

NEW COMMUNITY CENTER MEETING SCHEDULED

The New Community Center Ad hoc Committee has scheduled a committee meeting which is open to the public at 3:30 p.m. on Friday, August 10th at the Fire Station meeting hall. The meeting is being held to review the current preliminary plans and provide opportunity for public input.

AUGUST 2018 NEWSLETTER

WATER TANK CONSTRUCTION UPDATE

Significant progress has been made on the first phase of the tank project by the on-site contractor G.R. Sundberg. The three tanks that are scheduled to be replaced this year have been demolished, temporary water bypasses have been installed and cement foundations are complete, and the project is moving along nicely. The District did receive one noise complaint when demolition was underway so moving forward we will try to warn neighbors ahead of time of noisy work that may impact them. Construction work times are limited to the following hours: 7:30 a.m. to 6 p.m. on weekdays and 9 a.m. to 6 p.m. on weekends.

BOARD TO CONSIDER NO SPRAY POLICY

At the August 16th board meeting the Board will be considering a new draft policy regarding the spraying of herbicides on District property.

FIRE DEPARTMENT NEWS

CAL FIRE SUSPENDS ALL OUTSIDE BURNING:

Cal Fire has announced the closure of the burning season so **NO RESIDENTIAL OUTSIDE BURNING** will be allowed until further notice. We have already experienced our first fire of the season and want to stress how dry conditions are. Please be fire safe.

Dear Residents,

We need your input on community planning and policies.

Please share your thoughts on the construction of a new community clubhouse.

Also RID is developing an herbicide use policy. Please share your thoughts, concerns and questions about using herbicides to control noxious and invasive plants.

Write your comments on your RID bill, email me at gm@sheltercove-ca.gov and/or contact anyone of your Board Directors.

On a final note, last week I personally received three requests to work on wildfires burning across our state. Please be fire safe. We all have the authority to talk and educate individuals who are not being fire safe. Please have your 'go bag' ready in case you need to evacuate quickly.

Thanks for another large turnout at the last board meeting.

Your GM,

Justin.
