WHO WE ARE

Home Port Computer and BufferZone Software have teamed up with Paystri, a credit card processing company. This partnership empowers your pool shop or pool service company to accept customer payments easily, safely, and affordably.

SALES ORDER SYSTEM

Streamline your sales process by generating sales slips seamlessly within the BufferZone software. Begin by inputting or importing your inventory items. During checkout, simply scan the sold items to automatically create a sales slip. Conveniently accept cash or process credit card payments. Best of all, this feature is free when using Bufferzone and Paystri together—making your transactions smooth and cost-effective.

ONE SYSTEM

Perform pool/spa water analysis and check out customers in one software system.

INTEGRATIONS

Utilize Paystri seamlessly with various systems such as Clover and QuickBooks Online.

PASS THE FEES

Brush away credit card processing fees with the Paysti Cash Discount Program.

SEE WHATS OWED

See how much your service customers owe while logged into Bufferzone. Click to Paystri to collect payments and set up direct debit.
