Winter 2010

Spectra Connects With Connexion Technologies

During the past year, Spectra has completed a lab expansion and office renovations for Connexion Technologies of Cary, N.C., a company that has become an important client to us.

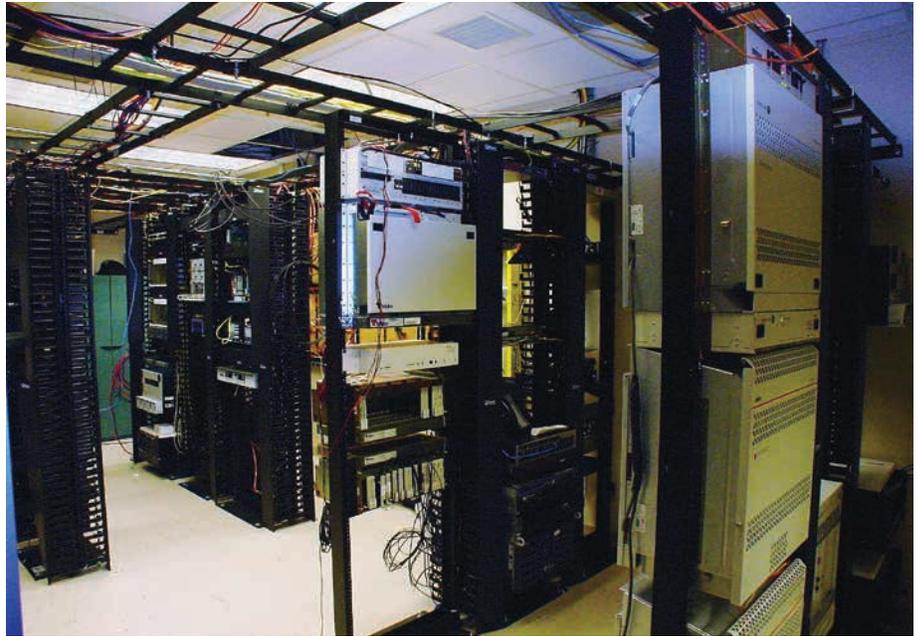

Connexion Technologies customizes and manages state-of-the-art communications networks in single-family, multi-family, high-rise, resort and hospitality properties nationwide. Its award-winning networks optimize the communication experience and value of properties for residents and property owners, creating "A Better ConnectionSM."

Connexion Technologies is not a service provider; rather it selects and manages a portfolio of providers that offer entertainment and communication applications, including the best in enhanced television, telephone, Internet and other services over Connexion's provider-neutral networks. The company was established in 2002 and serves properties in 23 states. For more information, visit www.connexiontechnologies.net.

Ken LeCompte of Connexion Technologies recently sent a letter

to Spectra thanking them for another job well done. The letter said, "Your crews are outstanding workers and never leave a mess. They cleaned up every day and put up a dust shield between their work and our personnel. They even asked if they were making too much noise and closed any doors that helped to cover the sound. The work was completely up to specs and done in a timely manner. We will use Spectra Builders any time we have a build-out project."

Our New Year's Message

If one were to sum up the past year in a single word, "challenging" would probably be a good choice. No individual, family or business was unaffected by what's taken place economically, and its effects, both on a personal and global scale, will be felt for many years to come.

Ours, though, is a nation that always picks itself up, dusts itself off and moves forward. We are survivors. We've learned some lessons from what's happened and, hopefully, will make changes that help prevent the same mistakes in the future.

As a business, times like these cause us to appreciate our blessings more than ever—our dedicated, hardworking employees, outstanding building team partners, supportive corporate friends and, of course, our loyal clients. You are the heart and soul of our company, without whom we would not exist.

The entire Spectra Builders team hopes you enjoyed a safe and healthy Christmas season and wishes you a year ahead filled with happiness, promise and opportunity.

Zebulon Business Expo

On Tuesday, September 29, Spectra Builders participated in the Zebulon Business Expo. The expo was a huge success, with over 50 exhibitors, mostly from the Eastern Wake County area, and several hundred people passing through. After weeks of preparation and hard work, Spectra was presented with the Zebulon Chamber's Most Creative Display Award. Thanks to all the employees who contributed to our display and helped to make this expo a huge success for our company. We appreciate all your hard work.

Planning A Project? Let us Help!

We look forward to hearing from you and working with you on your next project. Contact Tony Smith at 919-269-2085, ext. 13, or email: tonysmith@spectrabuilders.com.

We're doing our part. *This newsletter is printed on environmentally-friendly paper—50% recycled, using 25% post-consumer waste, and is composed of a mixture of fibers from certified forests, post-consumer recycling processes and fibers from other controlled sources.*
