

December News

Favorites from November

Throughout November we focused on spreading kindness throughout the after-school program and the school. Students worked together to create inspirational posters, encouraging cards for friends, and thank you notes for workers around the school. We were very proud of the work that all the students put in to show others that they care!

December Fun!

This month, Doodlebugs After School Program is excited to start using the technology lab! Students can utilize computers to explore educational websites that reinforce subjects that they are working on in school. Also, students are enjoying the new games that we received this month! Games include Connect Four, Headbandz, Guess Who?, and Jenga!

Upcoming Events

Coastal Performing Arts Academy will be visiting again this month to show the after-school children the routines the dance students have been practicing throughout the school year! This will also be a chance for new students to get excited about the dance program that we offer. This event will be held on December 19th at 3:30. Parents are welcome to attend to see the dance students show off their new acquired skills!
