Holiday Greeting

“Hello everyone, I hope the new year is better for all of us. I wish for all to be safe and holding the ones they love close to heart. Be well and love to all.”

Love,

Juice

Happy Holidays Everyone,

The year has been quiet for Juice as she has continued to work with her horses and family life. I will address some questions that have been sent in.

- 1) When will Juice tour again? Answer: Juice has not notified me when and if she plans on returning to the road. When you think of safety concerning Covid-19, that is the main cause for concern. As soon as I am informed by Juice one way or the other, I will notify you via the fan club website.
- 2) When is the new album being released? This project is still on hold at this time.
