### **Event in San Diego County**

February 19, 2012 at Sycuan Casino in El Cajon, California, Juice headlined a concert to benefit dystonia research. This was a special evening. Also on the bill was local entertainer D.C. Hathaway and New Age artist Billy McLaughlin. The show was emceed by JNFC President Paul Fowler.

This event was live streamed on the internet. People watched the event as far away as Saudi Arabia and as close to San Diego as Los Angeles. The event featured information about dystonia, a rare and often misdiagnosed neurological movement disorder.

Paul Fowler has Spasmodic Dysphonia, a form of dystonia that affects his vocal chords and makes speaking near impossible without treatment. There are 13 known types of dystonia and over 300,000 people diagnosed with it. The number of those diagnosed is thought to be higher due to the misdiagnosis of some patients.

There is no cure for any form of dystonia, there is only treatment. Leading up to the event, Paul Fowler and Juice were very busy promoting the show along with San Diego Dystonia Advocacy Group Leader Martha Murphy and D.C. Hathaway.

Paul and Juice and Martha were on various radio talks shows and some had just Juice and or just Paul and there was a video promotion. This was an interview with Juice and CBS 8 San Diego” Larry Himmel and on KUSI Television in San Diego. Below are links, if you wish to listen/watch to the most of these and other shows. ### The "O" Award

The "O" Award is given to any individual who contributes something positive to any person and or group. This year the "O" Award was presented to JNFC President Paul Fowler!!

As many of you may recall, I started this award after Otha Young passed away. The award was modeled after the personality of Otha and what a wonderful human being he was. This year several people had told me that I should be nominated. I was very flattered by this but felt that it should be another worthy recipient.

Brenda Young, Otha's wife, told me that she thought it should be me and that was final. 😊 The award was presented in such a touching way. Makena Young, Via Video, presented the award and this can be seen on the JNFC Official Website [www.juicewtonfanclub.com](http://www.juicewtonfanclub.com) and click on the "O" Award. Paul's acceptance speech will be on the website as soon as the video recording is obtained.

"I cannot tell you how honored I am about this award. I am beyond moved!" Paul said.

### JNFC Website

I am pleased to announce the fan club website is undergoing another facelift! The site will feature a video discography and other enhancements including easier navigation. This will be completed by the fall of 2012. So, be sure to check back often to see what's new at the JNFC!!
