

ODOR ELIMINATION TECHNOLOGY
FROM BEDROOM TO VEHICLE

Yesterday's Ozone Generation:

- ❌ **BIG OUTPUT**
- ❌ **BIG BREAKAGE**
- ❌ **BIG SIZE**
- ❌ **BIG COST**
- ❌ **BIG RISK**
- ❌ **BIG HASSLE**

Today's Ozone Generation:

- ✅ **Micro sized** – about the size of a pound of butter.
- ✅ **Micro output**
 - ✓ **Trickle, not Blasting**
 - Our generators produce low level ozone, at a steady and safe PPM. Studies have shown by exposing odors to ozone for longer periods at a low concentration, odors are eliminated with less likelihood of reoccurrence.
 - With an output of 20mg/h, the POG will not over saturate materials.
 - ✓ **Guaranteed not to damage rubber, fabric or other materials.** Will never produce over 0.03 PPM of ozone within 2000 cubic feet
 - ✓ Effective in spaces up to **200 square feet or 2000 cubic feet.**
- ✅ **Virtually indestructible**
- ✅ **Maintenance free** - No tubes to break, No plates to clean
- ✅ One and three hour timer settings
- ✅ 8 hour battery life
- ✅ **3000 use cycles.** One year warranty

- 1HR** 1-HOUR SELF TIMER LIGHTER PURIFICATION
- 3HR** 3-HOUR SELF TIMER STRONGER PURIFICATION
- 8HRS** 8 - 10 HOURS BATTERY LIFE
- PORTABLE AND RECHARGEABLE**
- 200 SQFT** IDEAL FOR ODOR CHALLENGES IN SMALL SPACES AND VEHICLES
- POWERFUL AND VERSATILE**
- USB POWER BANK RECHARGE DEVICES ANYWHERE**

Authorized Dealer

SCIENTIFICALLY PROVEN RESULTS DESTROY ODOR AT THE SOURCE

Independent testing by **MICROCHEM** LABORATORIES

Removal of Odors caused by:

FROM WINNIPEG JETS

We use the portable POG in our equipment bags when traveling. Both units work amazing, they are small, efficient and easy to use. We have seen an improvement in the spaces we treat, as well as our equipment in bags while on the road.

Jason McMaster
Head Equipment Manager Winnipeg Jets

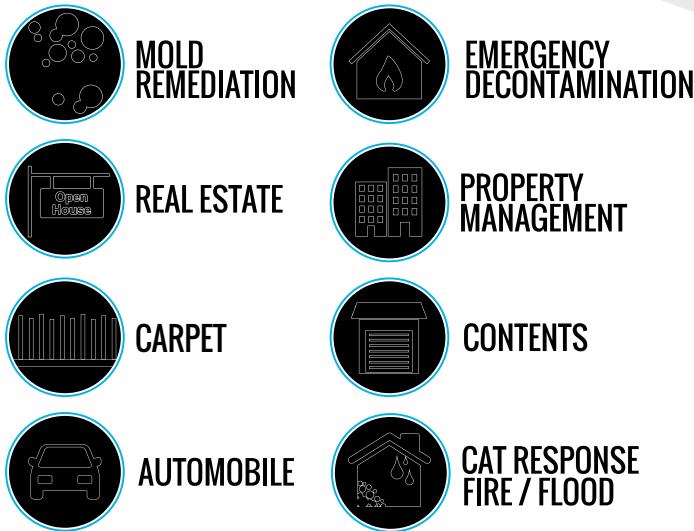

FROM PUROCLEAN

"We love how convenient it is to charge the POG, we like the one-hour and three-hour settings, and we like that it's compact, portable, and can go anywhere and everywhere!"

Raquel Joksimovic
PuroClean Edmonton

POG PLUGIN

POGs make money!

Used by several national remediation companies
POGs are changing the way people remove odors.
Do it fast, easily, with low risk, and with high profit.
3000+ cycles per POG which equates to just pennies per use
What would your customers pay to have an odor removed?
