### **Private Law Firm Starts the HR Legal Logistics Changing Lives Scholarship**

Committed to assisting law school students with the financial burdens associated with their education, HR Legal Logistics started the *HR Legal Logistics Changing Lives Scholarships* for students of Nova University's Shepard Broad College of Law.

Over the next five (5) years, five (5) deserving students will receive a scholarship to help support with the costs of fees, books, and other necessities.

We are extremely honored to be able to launch our Give Back Program with this endeavor and help law school students. All funding will be made in honor of our respected firm clients.
