Continuing Education Activities

CCA requires that in order to be recertified as a Colorado Certified Death Investigator at least 30 hours of continuing education in each four-year certification period is documented.

Each activity must be documented. Documentation should be sent to CCA three-months prior to expiration.

Approved Continuing Education Activities include courses accredited by: CCA, ABMDI, American Medical Association, American Nursing Association, American Bar Association, Peace Officer Standards Training (or equivalent) and Post secondary institutions recognized by national educational accrediting agencies (Accredited College or University).

Save Documentation

Thirty hours of continuing education are required within a four-year period for recertification. Continuing Education hours may only be accumulated AFTER certification date.

COLORADO CORONERS
CODE OF ETHICS

As a county coroner or coroner investigator, my fundamental duty is to serve mankind in the process of a thorough, comprehensive search for truth through medico-legal death investigation.

Honesty, integrity, competence, compassion, and fairness will be my guidelines. I will obey all laws and adhere to the regulations of my department. Confidentiality will be kept at all times unless necessary information is to be shared in the performance of duty.

Personal feelings, prejudices, or friendships will not influence my decisions.

I recognize my position is a public trust and I will be true to these ethics.

I will continue to study, train, and work to advance scientific knowledge in my chosen field. I will readily seek consultation and use the talents and knowledge of others.

I will constantly strive to achieve these objectives and ideals dedicating myself to justice.
