Instructions for Application for Access Permit to Waterford Town Roads

In accordance with Vermont law and Waterford Ordinance Regulating Access to and Use of Public Rights of Way, anyone seeking a driveway entrance on a town road must obtain a permit from the Selectboard prior to construction. The Waterford Selectboard has adopted a procedure to obtain a driveway access permit. The six steps are:

1. Consult the Road Foreman about your proposed access for recommendations about design, drainage, visibility, etc.
2. Fill out application form and attach a drawing, preferably to scale, showing the proposed driveway, its exact location on the town road (show distances to landmarks or cross-roads), and any proposed drainage facilities. If a survey map exists, please include it. Stake and flag each side of the driveway where it will meet the town road, showing the application number on the flags.
3. Submit your completed application to the Zoning Administrator who will forward it to the Road Foreman. There is a place on the form for his review and recommendations.
4. The Selectboard will make the decision to approve or disapprove the permit. Construction on the access shall not begin until the Selectboard has issued approval for use. Applicant should allow thirty days for the completion of these four steps.
5. Once the driveway construction has been completed you must notify the Town Office for final inspection. The purpose for the procedure is to "adequately protect and promote the safety of the traveling public"; by, for example, ensuring adequate visibility, preventing drainage problems, and possibly providing for a single access road for larger developments. The Selectboard has adopted these procedures to obtain informed advice from the Road Foreman and the ORB so that it can properly apply these standards. The applicant will follow the Vermont Agency of Transportation Standard B71 Form "Standards for Residential and Commercial Drives" which may be obtained from the Town website at the Vtrans website at: <https://outside.vermont.gov/agency/vtrans/external/CADD/WebFiles/Downloads/Standards/English/PDF/stdb71.pdf>
