PARK Designs®

Dear Valued Customer,

Welcome to 2022!

Decorating doesn't have to be a mystery when you decorate with items you love. Every year we are delighted to hear from our retailers and their customers on the items and styles that are their favorites. We aim to create collections that you will love just as much as the last, if not more.

Helping you decorate your customers home is our main priority and we are pleased to continue that tradition for 2022.

Thank you for allowing us in your store!

Rainy Lake

Inspired by Rainy Lake, Minnesota, this collection reflects the deep cool blues of the lake water, the migratory loons and cattails that inhabit it and the cerulean blue of the skies above it. But, it is the lazy, comfortable lake lifestyle that this collection aspires to.

Forever Spring

Designed by Carol Robinson this delightful print is filled with yellow tulips and blue forget me nots with yellow and cream gingham. It is perfect for spring and an easy transition into Easter table settings, especially when you add the new Potter's stone egg platter. It is paired with the Forget me not plaid, which has a seersucker ground and the Cozy Cottage Braided program for a full table to window to floor sunny springtime look. Also a great look with our new Wicklow Yellow.

TARPLEY COLLECTION

Named after James Tarpley, an 18th-century merchant on Duke of Gloucester Street in Williamsburg, Virginia, the Tarpley collection was inspired by the rich treasure trove of English and American objects owned by The Colonial Williamsburg Foundation.

Well worn and loved objects from the restored and reconstructed kitchens of Colonial Williamsburg were the initial impetus for the table and serving wares in the collection and their vast archives continue to inspire new and exciting introductions.

Debuting this season are textile and home décor that are reflective of the Orient.

Chinois Floral, Bamboo Trellis and Canton are all designs interpreted and adapted from textiles in Williamsburg's collections that, like the Europeans and their New World counterparts in the eighteenth century, continue to fascinate us with their fanciful and exotic images.

Bamboo and simulated bamboo furniture designs were all the rage in the eighteenth century and have inspired our new metal bamboo and home décor for the perfect blend of "Trend Meets Tradition" appeal.

All items have special labeling that tells the story behind the design inspiration.

Chinois Floral©

This intricate design is translated from an early 19th-century woodblock-printed textile from Colonial Williamsburg's museum collections. This outlined, almost-lacy interpretation of the original pattern lends a now open and airy quality to the exotic floral, leaf and blossom motifs—a perfect blend of "Trend Meets Tradition" appeal.

In the eighteenth century, Europeans and their New World counterparts were fascinated with fanciful images and exotic goods coming from China. Bamboo, and simulated bamboo furniture designs were all the rage, popularized by English designer Thomas Chippendale when he introduced furniture in the "Chinese taste" in the late 1750's. Our versatile Bamboo Trellis design is a nod to that classic Chinese Chippendale inspiration; Lord Botetourt was the first to own stylish faux bamboo chairs in the colonies (twelve chairs, in fact!). He occupied the Governor's Palace in Williamsburg from 1768-1770, serving as Governor of the Colony of Virginia. As one of the earliest trend-adapters and upper-class patrons in the New World, he leaves a legacy of design inspiration that remains relevant even today.

Hello Bear

Inspired by a trip to the Appalachian Mountains, where suddenly early summer has emerged bringing fields of wildflowers and Mama Bear brings her cubs to meet the world. It is a magical time when campers take to the trails, and nostalgia greets newness. The fresh primary colors of the Happy Trails Plaid, meet the nostalgic Camp Stripe and the vintage outdoor icons in Carol Robinson's Camping Print to form a classic lodge look. These textile treasures are pure trail magic when paired with new additions of Park's Vintage Thermos aluminum group.

Refined Rustic

Refined Rustic will accentuate looks from rustic lodge, where black bears rule, to a more modern rustic environment, where tribal meets contemporary. It is an updated color story for "rustic" and is based in gray oriented neutrals. The textiles are rich in textures and giftware features natural elements of real wood and marble. You will find that it has something for every room in the home with new bedding and bath collections as well as several tabletop collections, window treatments and a great new hooked collection.

Watercolor Wildlife

The Watercolor Wildlife collection was inspired by the ethereal beauty of wildlife in their natural habitats. From the beautifully rendered textile collections of the Watercolor Wildlife print on a textural woven fabric, Moose Antlers on a rugged stonewashed ground and the majestic silhouette of a stag caught unaware in Timberline, to the exquisite Foresters metal collection that features solid brass motifs on a galvanized metal ground, we are sure that this group will be a hit with many wildlife enthusiasts.

Wilderness Trail

Texture!!! As it's name implies, Wilderness Trail is a great rustic lodge look that is all about texture. The textile combines a chunky basket weave in earth tones with an embroidered and printed border on all pieces except the napkin. Wilderness Trail's sturdy stoneware ceramic collection is the embodiment of texture – the boldly embossed moose, bear and tree motifs, the rough bark textured edges of the pieces, and the burlap textured ground combine to form a perfectly rustic and handmade look.

Forever Spring

Designed by Carol Robinson this delightful print is filled with yellow tulips and blue forget me nots with yellow and cream gingham. It is perfect for spring and an easy transition into Easter table settings, especially when you add the new Potter's stone egg platter. It is paired with the Forget me not plaid, which has a seersucker ground and the Cozy Cottage Braided program for a full table to window to floor sunny springtime look. Also a great look with our new Wicklow Yellow.

Potter's Stone Ceramics

Made of stoneware, Potter's Stone was inspired by hand thrown pottery. This collections combines both turned characteristics that are visible in the rings seen in the mugs and bowls that would have been made by the potter's fingers while being turned on the potter's wheel, and hand built characteristics, as demonstrated by the wonderful burlap texture on the outside of all pieces in this collection. The ground is a versatile near white in color and all of the pieces are uniquely shaped, yet practical. The canisters airtight and the soup/cereal bowl has a handle. Dishwasher and microwave safe.

Familiarize Yourself with Key Window Forms

- The best place to start is at the top.
- Valances are the top selling form as they provide an easy way to add character to a window.
- If you're new to the window business, build an assortment there first.
- We have many different window styles and sizes.
- Shorter lengths provide a more tailored look, while longer lengths provide a fuller look and can work more readily with odd sized windows.

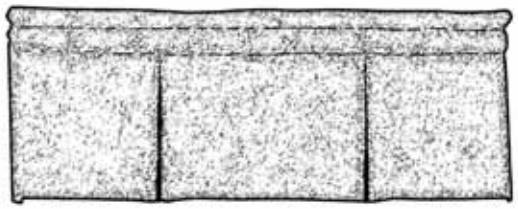

Valance - 72" x 14"

Basic Valance - available lined and unlined, our basic valance is 72" x 14" unless otherwise noted. Valances with a decorative motif or pattern will tend to be shorter so there is less gather to allow the motif or pattern to be more visible.

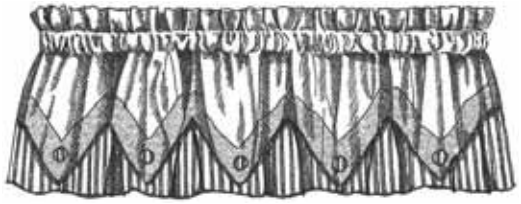

Wave Valance - 58" x 18"

Wave Valance – normally lined, provides a soft silhouette to the window.

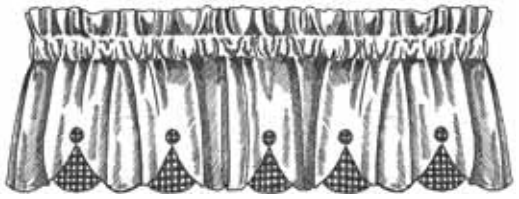

Pleat Valance - 45" x 15"

Pleat Valance - a more tailored look, this lined style gives you the feel of a cornice at a lot better value.

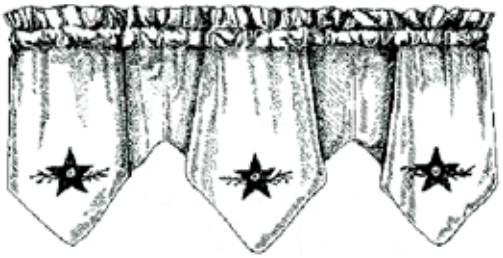

Point Valance - 72" x 15"

Point Valance – combines two coordinating patterns and features button or embroidered details at the points for a custom lined look.

Scallop Valance - 58" x 15"

Scallop Valance – also combines two coordinating fabrics and button details, but with a softer profile . This style is also lined.

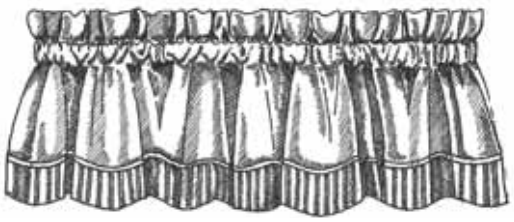

Triple Point Valance - 60" x 20"

Triple Point – provides a longer profile for the window and features embroidered or appliqued designs at the points. This style is also lined.

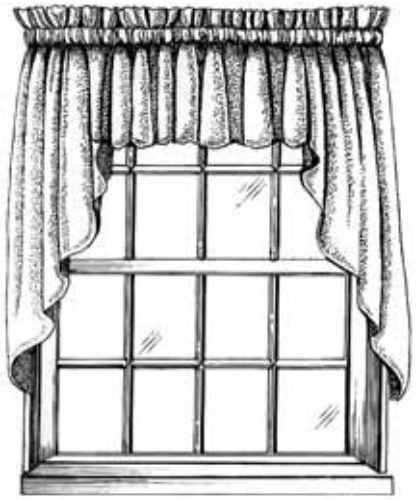

Farmhouse Valance - 60" x 20"

This lined valance was created with 2 sets of ties sewn into the body of the valance. If you start at the bottom of the valance and push the fabric up along the ties, it will give you that gathered farmhouse look that is currently so popular. To keep your gathers in place, simply tie the ties in a bow at the bottom of your gathered section. You get to decide how much gathering is done and Ta-da! A custom look for your farmhouse décor!

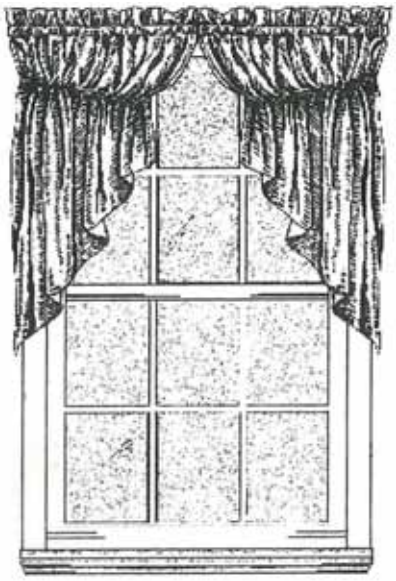

Layered Valance - 72" x 16"

Layered Valance – our popular plaid patterns are combined with a coordinate for a layered look that delivers a more custom feel. This style is lined.

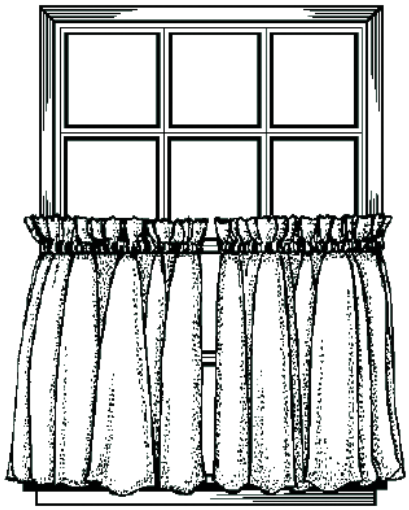

Swag - 72" x 36" Pr.

Basic Swag – available in both lined and unlined, can be used alone or paired with tiers.

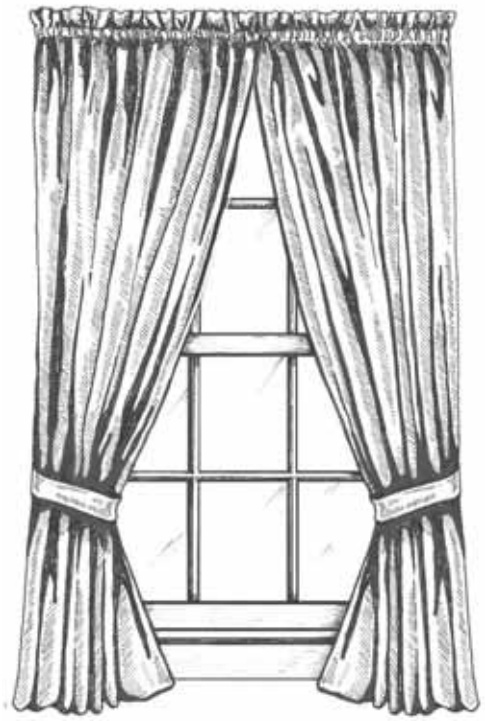

Gathered 36" Swag - 72" x 36" Pr.

Gathered 36" Swag - this lined treatment is gathered by a draw string and creates a soft silhouette for the window. This is a nice style for short windows.

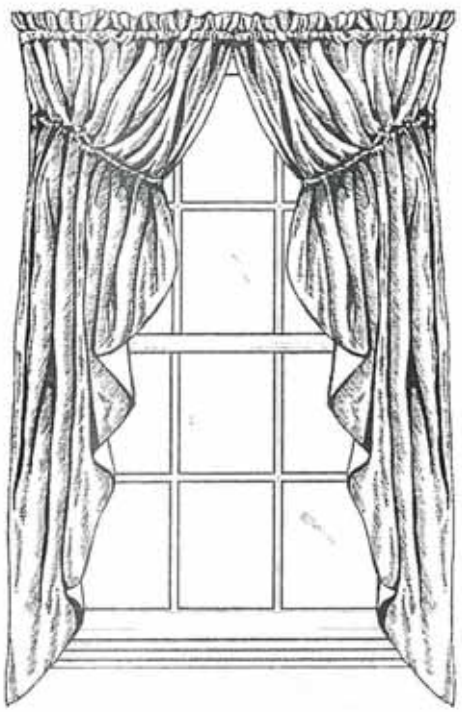

Tiers - 72" x 24" or 72" x 36" Pr.

Tiers – provide added privacy or coverage and are the perfect complement to valances and swags.

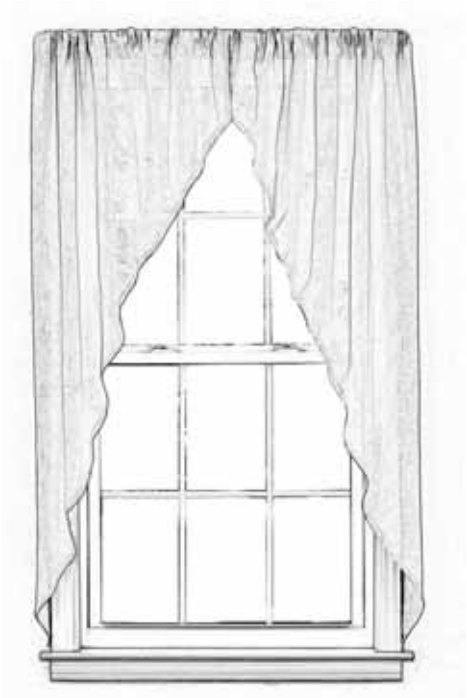

Panels 63" and 84"

Panels – available lined and unlined and in two lengths 63" and 84". All ship with tie backs included. Sold in pairs. For fuller look 56" x 84" Single Panels are also available.

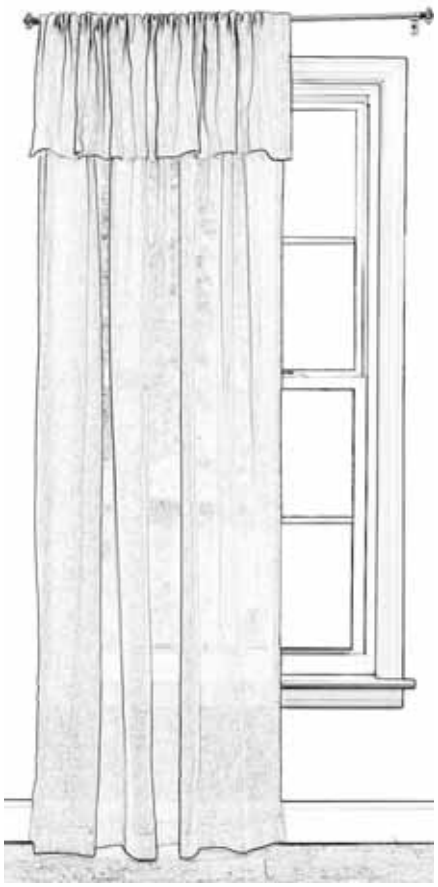

Gathered 63" Swag - 72" x 63" Pr.

Gathered 63" Swags - this lined treatment is gathered by a draw string and creates a longer silhouette than the 36" version. Sold in pairs.

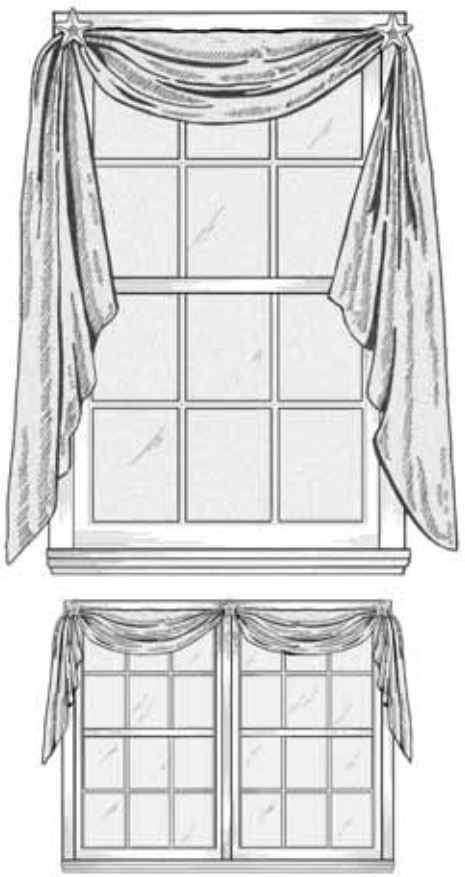

Romantic Swag - 72" x 63"

Romantic Swag - This longer more relaxed silhouette provides - as the name implies - a softer, more romantic look to the window. Sold in pairs.

Valance Panel - 56" x 84"

Valance Panel - As the name implies, this style features a valance and panel all in one and creates a relaxed, cozy feel. A quick and easy way to update your décor.

Fishtail Swag - 145" x 25"

Fishtail Swag – Fully lined, pair with any of our assortment of curtain hooks for a soft drape to the window.

Window Treatments

The next 15 pages show **Every Top Treatment** in numerical order.

- All feature 1.5" header and 2" rod pocket except for Burlap #321, Seed Sack #198 and Ruffled #293. These patterns feature a 3" rod pocket, no header.
- Items that are lined are noted in the descriptions.
- Refer to pages 286-287 for more detail by form.

Hooking is both an art and a craft that has been around for centuries. This handcrafted process remains today in our collections. Many of the pieces feature space dyed yarns to create natural variations in color pattern found in these unique pieces.

- Polyester loop yarn
- Hand hooked using an electronic gun
- Rugs feature a higher pile height
- Rug pad recommended
- Pillow kits contain 18" cover and 20" fill for a fuller look
- Pillows backed with cotton and hidden zipper
- Benches and stools have minimal assembly required
- Spot clean with water and mild detergent
