

## Summer sun

# 093

When darkness filled my life  
she brought the summer sun to me  
She brightened up my world and helped me see  
Every-time I was lonesome  
and once she came and took me from  
I'm not the same since she has come my way

Summer Sun was shining down on me  
Summer sun was all that I could see  
Summer sun was shining down on me

When that summer sun came shining down my way  
I grew to love it more and more each day  
I'm alive because I met her suddenly my life is better  
I can see I'll never let her go

Summer Sun was shining down on me  
Summer sun was all that I could see  
Summer sun was shining down on me  
Da da da da da da da

When that winter sun comes shining down on me  
Happiness is more than memory  
Even though the snow has covered all the ground  
I've discovered she's around and I still love her today

Summer Sun was shining down on me  
Summer sun was all that I could see  
Summer sun was shining down on me
