HEARING OF CITIZENS:

Robert Gosher, Owner of Wild Park Cannabis at 64 Central Avenue- concern over water quality coming to his business, is having to purchase \$100 of dollars of water filters a month because the water is so bad. He is concerned about the water quality for his workers and plants which need good, quality water. The CEO is also involved.

Linda Corbin- Also concerned about the water quality at 64 Central Avenue, would like to see the Select Board get involved.

Cheryl Edgerly- concern over plowing contract concerns and not receiving FOAA requested information. Also, three Board members seem to work just fine instead of five.

Steve McLean- Believes that 64 Central Avenue may have a bad pipe that is causing the water at that facility. Making sure that the Ambulance Billing is going to go out to everyone. Has the sand and salt pile been delivered to the BTH? Making changes to plowing contract for the next time it goes out to bid but it needs to stay as is for now and he is willing to donate a 110ft ladder truck that he acquired to the Fire Department.
