

TOWN OF WATERFORD
ROAD POLICY
Classes 2-3-4

ALL ROADS

1. Any work in the road right-of-way, ei. logging, digging, etc, must have the permission of the selectmen or their agent.
2. All driveways must have a permit.
3. Snow can not be plowed across the road.- State Law
4. Over weight permits are required by State Law.
5. No blocking of the road in any way.
6. Permanent fences can not be built in the road right-of-way (49'6" wide or 24'9" from center).

CLASS 4 ROADS

1. The town has to maintain culverts and bridges of Class 4 roads so that they are safe, or remove them.
2. The town doesn't have to plow, grade or maintain them in any other way.
3. If anyone builds on a Class 4 road, they must maintain the road. If the road is upgraded, it will be at the land owner's expense and may not be reclassified or maintained by the town.
4. Before a road will be considered to be reclassified it must be built up to Class 3 standards by the land owner and it should produce enough town tax to pay for maintenance and upkeep.
5. The town crew will not work for hire on any Class IV roads, ei. plowing, grading, or sanding.
