

The Live, Local and Relevant Workshop Series of Vista Psychological & Counseling Centre

The live, local and relevant workshop series was conceived from a need to keep in contact with fellow clinicians in the community and have a moment to gather away from the day to day of seeing clients in a professional atmosphere, network with one another, and to address topical and relevant issues faced by service providers.

Our planned calendar of events include:

January 20, 2023	*Understanding Changes in the DSM-5 TR (4 CEUs)
February 24, 2023	*Cognitive Behavioral Therapy: An Overview (6 CEUs)
March 24, 2023	*Supervision: Developing Competence By Understanding Theory, Stages, Roles, and Ethics (6 CEUs)
April 21, 2023	*Psychopharmacology: Medications in the Mental Health World (6 CEUs)
May 26, 2023	*Supervision in a Medical World: Ethical Training of Supervisees in Medical Diagnoses that Mimic Mental Health Concerns (6 CEUs)
June 23, 2023	*Distinguishing ADHD from CAPD and SID (includes panel discussion) (6 CEUs)
July 21, 2023	*Sleep Per Chance to Dream (6 CEUs)
August 25, 2023	*Cognitive Behavioral Therapy for Rumination (6 CEUs)
September 22, 2023	*Models of Private Practice (3 CEUs) *Making Referrals for Psychological Testing and Expectations (3 CEUs)

We reserve the right to cancel any program for low enrollment. Enrollment includes light lunch on full day seminars. Reservations are to be completed one week prior to announced presentation date. Three or more persons attending from the same agency will be entitled to a discounted rate. Persons attending 5 or more Workshops will get a 6th free.

All participants must sign an attendance list and be present for all sessions or no certificate of completion will be issued.

Workshops have been approved by the Ohio Psychological Association (OPA) (Provider #262155946). Programs approved by OPA are accepted by the Ohio Counselor, Social Worker and Marriage and Family Therapy board. Their licensees may upload their certificate of completion through the CE Broker.
