# Wedding Day

This ever-popular wedding package is specially designed for your big day with the set-up all in white, and includes hire throughout the day at your venue.

Priced at just **£650**

This may not necessarily mean that everything is set-up early, if due to space limitations, only using the PA system during the day may be best.

Includes:-

- Early set-up with Wedding Breakfast background music
- 8x LED up-lighting units around the room set to a colour of your choice
- Handheld wireless microphone kit for speeches
- Essential announcements such as Cake cutting, First Dance, Buffet ready etc.
- Up to 5 hours of DJ performance for the evening reception
- Stereo powered speakers and subwoofer system in white
- Professional white star cloth DJ booth
- Controlled custom lighting system (4 units)
- 2x Up-lit vertical columns (Podiums)
- 2x additional LED up-lighting units to highlight the setup
- Haze machine (subject to terms of venue)
- Your music preferences and your 'Don't you dare' list
- Song request cards given to guests in the evening
- Professional DJ/host with you for the whole duration of your big day
- Professional Pioneer DJ system with a database of 80,000+ songs available
- Delivery, set-up and removal inclusive (not part of performance time booked)

# Up-Lighting

*(also known as 'mood lighting')*

These fantastic lights are simply the greatest way to enhance any room, creating the perfect atmosphere, and completing that 'WOW' factor for your event. Having coloured lighting around the room, really helps to enhance the ambience of the room and create the positively perfect setting.

You choose the colour(s) you would like, one specific colour or they can be placed in alternative colours around the room, or even different areas on different colours.

The choice is yours, and whatever you choose, it will look amazing!!

This enhancement can be part of your event by simply adding these to your DJ booking, **from just £50.**
