Upon receiving your book for The Insurance Pre-Licensing Course that you have registered. Please go ahead and become familiar with the book by pre-reading it in its entirety. There is a lot of material to cover in three days so therefore it is highly recommended but not required. If you choose not to read this may put you at a disadvantage to those that have read due to the fast pace of the class for the three-day course. That is why there is a two-week registration suggestion process before class so that you will have time to review your book. If you decide to come before the two-week registration suggestion, please understand that you will still be expected to catch up on material. There will be no makeup days due to lack of reading and completing assignments. Please bring a highlighter and something to take notes with. Due to Alabama Department of Insurance Producer Pre-license requirement changes which began January 1, 2024, no certification certificate will be required to go and take the State of Alabama Insurance Producer Exam. Although no certificate is needed, they do strongly encourage you to obtain teaching instructions before sitting for the exam.

Refunds/ Cancellation Fee: You will be charged a \$100.00 cancellation fee for the purchase order for material and shipping if you decide not to attend due to the high demand of course materials. That amount will be deducted from your refund. If you are ill and cannot make it to class or zoom during your paid class time you will be able to attend another session that will be available.

You will be emailed your self-reading assignments prior to class. Monday at home self-study, Tuesday, Wednesday and Thursday classroom and Friday Self Study at home. If you need Extra Assistance at the end of the week on Friday, We will be available for half day 9 to 12 to give more practice test to make sure that you are ready for the Producer Exam

You will be given a copy of your statement of understanding to bring with you before class and it will be signed by you and the instructor for filing.

We are proud of the fact that the students that enter our program have high success on the State of Alabama Producer Exam Statistics Report
