Do you love adventure?

...swinging on the monkey bars, splashing in the water, landing a keeper fish, playing sports, and devouring watermelon? If so, then Quentin Road's Summer Camp is just the place for you! Children ages 3 to 12 will hear inspiring stories, do amazing crafts, bake tasty treats, play games, and compete in cool contests. Children will visit the fishing pond, heated indoor swimming pool, indoor gymnasiums, playgrounds, indoor playland, computer lab, waterslide, sprinklers, rock climbing wall, inflatables, and even take a train ride on the QR Express! Summer is not complete without some gardening, field trips, obstacle courses, and archery. We are taking out the sunscreen, lawn chairs and lemonade and are rolling out the red carpet for another fun summer in the sunshine with YOU! Hope to see you real soon!

Please leave cell phones and electronic devices at home.

Entering 1st Grade & Up
Pool parties are offered between June 6-August 3.

Each class will have 30 minutes in our heated, indoor pool once a week. This will be a fun and well supervised time of play with their summer camp friends. Our lifeguards are all certified and will begin each pool party by teaching the children the pool safety rules.

Please bring a modest, one piece swim suit for girls or a two piece that does not show the midriff, loose fitting trunks for boys (no speedos), towel, comb or brush, and a bag for wet items.

Feel free to send your child with their own floatation device, or use ours.

Children are allowed to bring pool toys from home. The Lifeguard must approve all toys before they enter the water. (No squirt guns please.) Children are not allowed to enter the pool with any open wounds.

No Band-Aids are allowed in the pool.

Using Snapology's own curriculum and fun topics and themes, such as animals, games, space and battle machines, this program embraces children's interest and curiosity to guide them through robotics and engineering principles. This program provides the best mix of fun, socialization and education for your child. In fact, students have so much fun, they don't even realize how much they are learning.
