## OUR VISION

Bring individuality into the home with products from “the live edge guy in Ohio.” Nathan Miller has been making unique, functional works of art with his live edge furniture. Nathan’s decades of experience have made his long-time dream of having his own showroom a reality. Each creation tells a story and brings a different feel into the room. Some of his pieces feel modern, and some reach for rustic roots. One table might burst with vibrant epoxy colors, and others may have that cozy and charmingly simple look that you want. The only thing that will always be the same, is that the furniture can never be duplicated. Ebony Woodworking welcomes you to stop in and see all of the one-of-a-kind pieces on display.
