What an amazing month we've had! We have grown in number and each student continues to discover more of who they are and what they are capable of! October didn't just bring us cooler weather, but it also brought with it challenges that were accepted and achieved. We have completed one quarter of the school year!

## LEAP LOOT is Here!

We have launched our LEAP Loot Incentive Program. Students can earn LEAP coins for exceptional behavior, acts of kindness, and leadership skills. Students earn coins throughout the month, and at the end of the month students can cash in their coins for items or continue to accumulate their coins for bigger prizes. This will help us with our math skills as well as learning the basics of money management.

## Congratulations to our Star Students of the Month!

- N- Do the right thing, even when NO ONE is watching.
- T- Trustworthiness

## Gratitude Jar

During the month of November, each day, students will make a note of something

they are thankful for and place it in a jar. We will open the jar just before Christmas break as a reminder entering the holiday season.

## November Riddle
