About IRO

[IRO.com](#) is an educational website. We are promoting further interest in the Wright brothers with articles, photographs, and booklets suitable for classroom use. Other areas of focus include our 25-year collection of memory devices. We would like our viewers to share their mnemonics with us; they should include permission to publish them on [IRO.com](#) if the mnemonic is chosen. The "Wears His Heart on His Bumper" area is an exploration of how much we reveal about ourselves by the car and truck bumper stickers we choose.
