Dear Fellow Union Members:

We received notification late this afternoon that our National CWA office is in receipt of a PROPOSAL they received from AT&T pertaining to mandatory vaccinations against the SARS-CoV-2 virus. At this point, this is just a proposal and CWA is working to form a bargaining team that will have each district represented as we plan to enter “effects bargaining” with the company over this issue. As more information becomes available, we will keep you informed.

In Solidarity,

CWA Local 6327 Executive Board
