Achillea ptarmica ☺ Marshmallow P	500sd 5.50	1M @ 9.85	3200 s/g ✦ Z3 **Fastrax.** 12"; FYF, no vern needed. Short, uniform crop time, finishes in 12 weeks for bench run production. Fills gallons fast. Blooms spring thru late summer. For container perennial and combo planters. Tolerates some shade.
Alyssum (Aurinia) saxatile ☺ Gold Rush	200sd 3.50	1M @ 14.95	1050 s/g ✦ Z3 7" spreading 7"; Improved, more compact & branching, with shorter stems, allowing flowers to better cover the plant canopy. Earlier flowering and more uniform in habit and timing than traditional strains. Evergreen plant blooms early spring and forms neat rosettes. For perennial containers and spring bedding. Pansy companion.
Arabis caucasica ☺ Catwalk White P	200sd 3.25	1M @ 13.35	3000 s/g ✦ Z3 **Fastrax.** 6"; FYF. No vern needed. Easy growing with superior gdn performance. Plants are globe shaped, uniform & compact. Entire plant covers over with glistening white flowers in pots, and grow together in beds or planters to form a carpet of white. For Qt to Gal containers, spring beds. Great to sell with Pansy and Bellis.
Aster alpinus ☺ TriMix	200sd 3.20	1M @ 10.45	600 s/g ✦ Z4 12"; Superior blend of large flowered color strains, finer quality & more uniform habit than standard mixes. Mix of white, pink & blue shades.
Begonia tuberosa ☺ Nonstop Joy Series P (F1)	100sd 6.70	1M @ 55.95	50000 s/g 8" pot, 10" gdn; A new semi-trailing type under the NonStop® brand. Extra large full double flowers. Improved branching and semi-trailing for fuller baskets. Compact short internodes, neat and easy shipping. Covers basket and ground quickly. For well shaped, rounded baskets and extreme color. Colors: Mocha White (dark leaf), Mix, Orange, Red, Yellow.
Begonia x hybrida ☺ Viking Explorer Series P (F1)	100sd 17.75	1M @ 148.65	925 s/g 20" spreading 28" pot, 24" spreading 39" gdn; Superb spreading habit displays dense flower cover in all directions. Faster crop time at 16-21 weeks, up to 2 weeks earlier than many others in this class. Extra large blooms and intense eye-catching foliage shine. Thrives thru rainy, chilly and hot weather for summer long show. For containers, baskets, and beds, where just a few of these wide-spreading plants will cover a lot of ground. Colors: Red on Green, Rose on Green.
Bellis ☺ BellaDaisy Series P	200sd 3.85	1M @ 16.45	1000 s/g ✦ Z5 5"; No Vern. Very early. Showy bright flowers with yellow centers borne atop healthy, deep glowing green foliage. Compact and uniform. Well bred for early spring pots and planters. Colors: Mix, Pink, Red, Rose, White.

	Trade Pkt \$ per pkt	XT Qty \$ per 1000 sd	(M=1000)		
Campanula punctata ☉ Rubriflora ¶	500sd 3.20	1M @ 5.15		**Gold Nugget primed for faster more reliable germ, 2-3 weeks** 10"; Intense ruby flowers, large and tubular, cream-lipped and crimson-spotted throats. Flowers pendant at every node of branching pyramidal plant. Deep-green foliage.	12000 s/g ✦ Z6
Celosia cristata ☉ Asuka Select Series	☒ 100sd 6.45	1M @ 55.70		32" field, 48" ghs; This series features brilliant colors, mid-size convoluted fan-shaped combs with distinct attractive fuzz on the underside, clean deep green foliage, strong stiff stems, tolerance to Botrytis. Earlier and wider flowering than most others of this type. For professional cutflower production, fresh or dried, under high hoops or in field. The green variety in this series is the most intense yet seen. Colors: Green, Kira Red, Mix, Orange, Pink, Purple.	2000 s/g
Celosia cristata ☉ Captain Evanthis Mix	☒ 200sd 3.25	1M @ 12.95		3 ft field, 4 ft ghs; Beautiful, intense, warm selections of unusually rich, sparkling colors. Large, high quality globe shaped heads on robust plants with sturdy stems. Harvest begins after 10-14 weeks of growing and can continue until late fall under good cultivation.	2000 s/g
Celosia cristata ☉ Smashing	☒ 100sd 6.70	1M @ 57.70		36"; Riveting, intense bright red flower heads are large and voluminous. Robust stems and sturdy leaves. Good resistance to botrytis aids productivity. Harvest can begin after 9-13 weeks of cultivation. Planting in greenhouse from mid-spring to late summer can provide harvest from end of spring to late fall. For professional cutflower work.	2000 s/g
Celosia cristata ☉ Unlimited Coral	☒ 100sd 9.35	1M @ 80.45		4-5 ft; Very large bright coral combs with a span up to 8". A great eye-catcher as a standalone or in large-scale arrangements. Extra sturdy stems carry the blooms upright with no problem. Harvest can begin after 12-16 weeks of cultivation. Can plant in ghs from mid spring to late summer for harvest from late spring to late fall. For professional cutflower production.	2000 s/g
Coreopsis hybrida ☉ Incredible! Dwarf Mix	1M 3.35	2M @ 2.90		20"; Intensive breeding brings incredible, new colors to this excellent, seed raised mixture of single flowers including both bicolored and ringed patterns. Unique addition to landscape. Worth testing at close spacing for short arrangements.	3800 s/g
Cosmos bipinnatus ☉ Apricotta	☒ 200sd 4.25	1M @ 18.30		32-40"; Luscious shades of apricot with some pink shades and some soft-pink centers. For specialty cutflower production of ready-made color-theme bouquets. Also mass landscape or tall border.	100 s/g
Dianthus gratianopolitanus ☉ RoseQuartz C	100sd 3.25	1M @ 19.25		**Fastrax.** 12"; FYF. No Vern. Top of plant covers over with dense crown of large bicolor flowers in shades ranging from cerise w' ring, softest pink with burgundy ring, lilac purple w' deep purple ring, and many between. Very fragrant. Makes a great show in pots, borders or sunny planters. Quick crop in 12 weeks.	650 s/g ✦ Z4
Dianthus x barbatus ☉ Rockin' Rose P	☒ 100sd 12.75	1M @ 106.65		18" spreading 10" pot, 24" spreading 12" gdn; FYF. Long lived perennial. Luminous rose pink. Durable lacy fragrant flowers crowd in clusters atop lushly branched plants. Lots of color on a very sturdy frame. For quarts to gallons. Worth testing as fresh local cutflower for bouquets.	300 s/g ✦ Z5
Echinacea purpurea ☉ Paradiso Super Duper	☒ 100sd 9.85	1M @ 85.00		24" container, 32" gdn; FYF. First double flowered Echinacea from seed. Doubleness develops progressively as the blooms mature. Several layers of warm lilac pink surround a central tuft of small soft green petals. For perennial containers or specialty cutflower. As a hardy perennial, several seasons of cutflower harvest could be expected from each plant.	300 s/g ✦ Z4
Eschscholzia californica (Calif. Poppy) ☉ Lady Marmelade	500sd 3.45	1M @ 5.95		15"; Semi-double rose-form flowers, an entirely new flower type for this species. Large golden yellow flowers with soft orange centers adorn canopy of plant. For spring bedding in East or summer in West. Also fine in containers. Note: Most strains of California Poppy tend to resent transplant and may be best sown directly to 4" pot.	700 s/g
Festuca valesiaca Glaucantha ☉ Buddy	100sd 3.25	1M @ 24.15		**Ornamental Grass** 12" pot, 20" gdn or lg container; Forms dense blue-green clumps capped from spring to summer w/ a bouffant of fine hair-like straw colored plumes. Color interest from early sales stage stages onward til frost. Choice perennial grass for containers, combo planters, beds & borders.	1300 s/g ✦ Z4
Flowering Cabbage ☉ Osaka iQ Red	☒ 200sd 3.25	1M @ 12.70		5" spreading 11"; Striking color, extra compact needing no PGR, extra early color, late to bolt. Undulated, near-black purple leaves surround bright magenta red central "flower" leaves, which are strongly fringed. Extra early 10-12 week crop time and late bolting provide an early start to a long selling season. Pots, bedding, combo planters.	360 s/g

Flowering Kale Crystal Series	100sd 4.65	1M @ 39.60	6" pot, 10" gdn; Shiny leaf type, the first ever in a compact pot type Brassica. Features high gloss foliage. Outer leaves are very deep green. Red's central "flower" leaves are deep purplish red. Snow's center is clean white with a delicate pink zone in the middle. Robust and vigorous grower. For fall to early winter gdns & containers. Colors: Red, Snow.	250 s/g
Iberis sempervirens Snow Flurries C	500sd 3.85	1M @ 6.55	12"; Extra large white flowers borne 3" above compact finely cut foliage. For perennial bedding, combo containers, 6" pot sales.	450 s/g ✦ Z3
Leucanthemum x superbum White Lion	100sd 5.40	1M @ 45.75	8" spreading 8" pot; 10" spreading 12" gdn; FYF. Break-thru new seed-grown Shasta flowers in short 10-hour daylength. for early spring sales from overwintered crops, as well as spring sales from early spring production. No supplemental lighting needed. A great alternative to vegetative varieties, without the high cost and disease risks. For perennial container and spring bedding.	875 s/g ✦ Z5
Marigold American Bindi Gold Bobtailed	✦ 100sd 4.35	1M @ 36.50	32-40" spreading 26-28" LD, 18-20" spreading 18-20" SD; Large, bright globe-shaped full double garland type blooms with stiff, tightly packed fluted petals and super firm texture. Continuous flowering, long summer stem length, keeps good quality & production even under short days, when it would serve as a robust container plant as well. Flowers 3-4" diam. Performs well under short days (SD) as well as long days (LD). LD timing is 60-65 days from transplant to bloom, or 50-55 days in SD. Professional cutflower quality, excellent for fieldgrown production summer and containers in spring or fall.	320 s/g
Marigold American Devi Deep Gold Bobtailed	✦ 100sd 4.35	1M @ 36.50	36" spreading 22" LD, 18" spreading 12" SD; Extra large 4"-5.2" flowers are ball shaped, very firm. Branches low to provide good stem length. Yields up to 8-12 blooms per plant depending on pinching. Well suited to garland, vase or bouquet mkts.	320 s/g
Marigold American Mishka Deep Gold Bobtailed	✦ 100sd 4.35	1M @ 36.50	44" spreading 22" LD, 34" spreading 20" SD; Huge 4.5"-5.2" flowers are very firm with thick petals. Produces premium quality blooms for professional cutflower mkt. Heat and disease tolerant.	320 s/g
Marigold American Sumati Orange Bobtailed	✦ 100sd 4.35	1M @ 36.50	40" spreading 22" LD, 24" spreading 15" SD; Large 3.5-4", super firm bright orange flowers. Adaptable to year-round production, with strong tolerance for heat and disease. Long shelf life. Durable in transport. Yields of up to 50 stems per plant have been recorded in good growing weather. Professional cutflr for garlands, bouquets, vases.	320 s/g
Marigold American White Swan Bobtailed	✦ 100sd 10.70	1M @ 90.75	24" spreading 15" LD, 32" spreading 12" SD; Odorless blooms for cutflower! Large 2-4" globe shaped ivory cream flowers, a delicate near-white color, are packed with frilled tubular petals. Long strong stems hold flowers firmly in top of plant above the foliage. Heat & disease tolerant. For professional cutflr production. Good to grow year-round. For professional cutflr in greenhouse and field. Also good for mass landscape and public gdns.	320 s/g
Marigold American Xochi Orange C	✦ 100sd 3.25	1M @ 25.15	3 ft high light, 4ft lower light; Brilliant rich orange flowers 3.5"-4" diam. Very strong 2-3 ft stems perfect for cutflower shipping. Vase life 10 days. For commercial cutflower production, open field or high hoop house. Also stunning in mass landscape or in tall accent plantings.	320 s/g
Melissa officinalis Limoncello	100sd 3.30	1M @ 26.15	14" pot, 18" gdn; New selection with markedly stronger lemon fragrance than the common varieties of Lemon Balm. Light green leaves are attractive, finely lobed and deeply veined. Habit is uniformly compact, well branched & mounded. For containers, mixed planters, fragrant gdns	1400 s/g ✦ Z5
Myosotis sylvatica Bellamy Series	100sd 3.50	1M @ 29.65	**Bellamy blue is Fleuroselect Gold Medal winner 2021.** 8-10"; Easy growing, no vern needed, with very uniform blooming window and strong branching, uniform habit across the series, lending itself to bench-run programs. Healthy green leaves. For early spring and fall sales. Crop time 9-14 wks. Colors: Blue, Mix, Pink, White.	1500 s/g ✦ Z5
Orlaya grandiflora QIS White Finch	✦ 100sd 3.30	1M @ 28.55	28"; Larger, broader outer petals than common strains, provides showier presentation in arrangements. Big, fragrant lacy umbels of pure white flowers. Strong cutting stems and long vase life. A fine, easy-growing fieldgrown specialty. Beautiful as filler or massive arrangement and capable of dominating a landscape planting.	80 s/g ✦ Z5
Pansy Cats Plus Series ¶	100sd 3.25	1M @ 23.35	6-8"; All new breeding. Compared to the old Cats series, Cats Plus provides markedly more distinct whisker patterns, 10 days earlier crop time, better branching habit, stronger/shorter flower stems. Well adapted to both fall and spring programs. Crop times 10-12 weeks fall, 25-26 weeks spring. Colors: Blue & Yellow, Marina, Mix, Purple & White, White, Yellow.	800 s/g

Pepper				220 s/g
☉ Peppi Cornissimo	100sd 25.30	1M @217.95		36" spreading 24" at first pick; 48" spreading 36" at mature harvest. 55 days green, 60 days red. Produces seedless fruit when isolated from non-seedless pepper varieties. Large horn-shaped 6-7" Corno type fruit is extremely sweet, great for grilling. Should be grown in-ground with support. Very long bearing when grown seedless.
Pepper				220 s/g
☉ Peppi Red	100sd 25.30	1M @217.95		36" spreading 24" at first pick; 48" spreading 36" at mature harvest. 55 days green, 60 days red. Produces seedless fruit when isolated from non-seedless pepper varieties. Small conical 4" fruit is extremely sweet, great for snacking. Should be grown in-ground with support. Very long bearing when grown seedless.
Petunia Double grandiflora				9300 s/g
☉ Allegra Mix P	100sd 8.95	1M @ 77.00		25-30"; Tall, upright, double flowered, with thick stems that can be used as cutflower in fresh local mkt. Crop about 70 days from potting. The grower should be prepared to provide some support. for the stems. Can also be used as a climbing plant. Mix contains shades of salmon, rose, violet, white and bicolors.
Petunia Wave				1200 s/g
☉ E3 Easy Wave Series P	100sd 15.70	1M @133.55		6" spreading 25" pot, 12" spreading 32" gdn; Improved Easy Wave type with several production advantages. Capable of shorter crop time in short-day, with all colors flowering at or under 10 hours of daylength. Also performs well at lower PGR rates (except blue). Habit is extremely uniform across the series, holds longer for extended sales window. Mounding and spreading habit. Hot colors for hot sales. Great in beds, baskets, pots. Colors: Blue, Complete Mix, Coral, Pink, Pink Cosmo, Red, Sky Blue, White.
Primula polyantha				1000 s/g ✦ Z7
☉ Lighthouse Mix	100sd 7.90	1M @ 67.15		8" spreading 6"; Compact, uniform habit in all colors with no PGR needed. 8" stem length lowers botrytis risk which, together with the continuous flowering trait, contributes to an extended and successful selling season. Mix of 4 colors: Blue, Pink, Rose (deep reddish), Yellow.
Rudbeckia hirta				1200 s/g ✦ Z4
☉ Double Golden Daisies	1M 3.25	2M @ 2.80		30"; Extra large flowers, 5-6" across. A high percentage are full double globe shaped forms. Golden Yellow. Long straight stems, good fieldgrown cutflower.
Salpiglossis				5000 s/g
☉ Cafe au Lait P	100sd 3.25	1M @ 20.80		24"; Large brown coffee colored flowers, very fashionable and eye-catching, with bright gold centers and soft golden veins. Flowers in large clusters atop stems form a dense canopy. Strong stems tall enough for use as field grown summer cutflower. Also useful as vertical element in containers or sunny borders.
Torenia				1060 s/g
☉ Vertigo Series P (F1)	100sd 3.45	1M @ 28.90		5-8"; Super gdn performance observed in trials. Breeding & selection work took place under extreme conditions of heat and humidity. Compact habit, continuous flowering, glossy foliage and reduced fading of flower color were sustained from June to August. Colors: Blue & White, Mix, Rose.
Trachelium caeruleum				750 s/g ✦
☉ Black Knight P	100sd 3.25	1M @ 22.40		40"; Glowing intense violet blue flowers borne in large umbels atop stiff near-black purple stems. Very striking appearance for vase or accent plant. For professional cutflower, field grown, hoops or glass. Also fine accent plant with vertical element.
Trachelium caeruleum				750 s/g ✦
☉ Corine Series P	100sd 3.25	1M @ 21.20		30-32"; Bred for rapid bud formation. Very uniform, with large decorative umbels on well branched plants. Professional cutflower adaptable to wide seasonal range. For greenhouse or hoop house in early cultivation, or outdoors in late spring to summer. Note: White not available for 2021-22 season. Use Supreme Early White as companion to Corines Colors: Light Blue, Lilac, Misty, Mix (6 colors), Purple, Red, White.
Trachelium caeruleum				750 s/g ✦
☉ Supreme Early White P	100sd 3.25	1M @ 21.20		30-32"; Brilliant White flowers. Bred for rapid bud formation. Very uniform, with large decorative umbels on well branched plants. Stems bear a large central cluster with smaller umbels below on side branches. Professional cutflower adaptable to wide seasonal range. For greenhouse or hoop house in early cultivation, or outdoors in late spring to summer. Excellent companion for the Corine series, whose White is unavailable for 2021-22 season. Use Supreme Early White as companion to Corines
