

Waterford Cemetery Policy

1. Any headstone or bench that is put in the cemetery must have a base under it. One upright headstone is allowed per lot.
2. All cornerstones must be flush with the ground.
3. No trees can be planted in the cemetery.
4. Cremains may be buried by family or designated person, but must be placed 18 inches deep and at least 12 inches from the proper side of the headstone. There may be 4 cremains per grave site. (A three grave lot may have 12 cremains.) If additional stones are added for the cremains, they must be flush with the ground. The cremains certificate must be filed with the Waterford Town Clerk.
