

Energy East Luncheon

On June 7th, 2013 The Saint John Board of Trade held a highly successful luncheon with our Premier David Alward and the Premier of Alberta Alison Redford. The “Energy” in the room was strong with over 400 guests, as both Premiers outline the importance and benefits of a pipeline that would bring Alberta crude to market through Saint John. The Saint John Board of Trade is proud to host this event that brings further strength to to our communities True Growth 2.0 initiative. With this initiative seen as provincial in scope, we welcomed guests from all around the province including, The Fredericton Chamber of Commerce, The Greater Moncton Chamber of Commerce, The Kennebecasis Valley Chamber of Commerce, The River Valley Chamber of Commerce and the West Side Business Association.

A special thanks to our title sponsor Irving Oil, our silver sponsors Revolution Strategy, Downey Ford, Atlantica Center for Energy, The Saint John Hotel Association, Port Saint John and our bronze sponsors Emera and the Saint John Trade and Convention Centre.
