## 2013

Summer Greetings

Hello Everyone,

I know that most of you have big plans over the summer and are excited! There is plenty of excitement in this newsletter too! Be safe this summer and have fun but most of all be happy!

Paul

### **Juice's Cooks the Desert**

Saturday June 1, 2013 Juice performed at the Lancaster Performing Arts Center in Lancaster California. <http://www.lpac.org/>

JNFC President Paul Fowler attended this concert. "I was delighted to see such a packed house. I was very taken back by the visual enjoyment I could see as people rocked and back and forth or sang in their seats along with Juice. The temperture outside was 103 degrees but Juice made it hotter with her performance which was only enhanced by the band The Regener8tors."

Juice featured an acoustic set in the middle of the show and then she encored with "They Never Made It To Memphis." She received a standing ovation.

After the show, Juice signed autographs and posed in photographs with fans. A friend of Paul's Jay Burr, met Juice for the very first time that evening and was in full awe of the fact he had a conversation with her.

Part of the fun of going to a show is the thought "Can I possibly meet this artist?" Jay has been a big fan for many years. He inquired about what Juice does after a show. When Paul informed him that she meets the fans and signs autographs he was more than excited.

Jay waited patiently in line. Paul brought him over to introduce him to Juice and he was ecstatic.

Here is the photo of Jay and Juice at the autograph table in Lancaster. Notice he is all smiles!

After leaving the venue, Jay told me this is a dream come true. Thank you!

The next day Paul spoke to Jay about “coming down” from the show and his encounter with Juice. Jay replied....

“Come down? No way, I am still Juiced up!”

### **The BIG NEWS You Have Been Waiting for!!**

Juice is currently collecting new material for a **NEW ALBUM!** That’s right a **NEW ALBUM!** Juice is very excited about this venture and she is talking about this at her concerts this summer.

One of the songs that Juice is considering putting on the album is a song that she sang ‘live’ before but never recorded. This is a beautiful song called “Cry To Me” and very positive. If you have not heard it before, please click on the link or copy and paste this link to your browser.

## Going Green

The excitement of receiving the newsletter via the postal service is something I clearly relate to. That was before computers and smartphones were developed and became popular.

Now that we are in the digital age and due to the rising cost of paper and postage, the JNFC will now be sending newsletter via email only. However, if you are currently a postal service recipient, you can stay with this form of delivery.

All postal delivery members will be receiving a request to go green. If no reply to the request, you will stay on the postal system and continue to receive your newsletters this way.

If you have any questions, you can send me an email and I will gladly explain this change in greater detail.

### **Remembering The "O" Man Otha Young**

Friends this August marks the fourth anniversary that Otha Young left this earth to a better place. Though the marking of this occasion can be somber, I know Otha would want to be remembered with a positive outlook. This next part of the newsletter is to honor Otha and his music and his legacy.

Here is a video that I created and uploaded to YOUTUBE right after Otha passed. This video sums up his career. <http://www.youtube.com/watch?v=oW2QyPzmG6I>

Otha had accomplished a lot in his life. The accomplishments were not always from the music business. Here is a video of Otha along with his daughter Makena accepting an athletic award from his former high school. Otha sings a unique rendition of his song "Don't You" the lyrics changed to his teen years in Los Gatos, California. <http://www.youtube.com/watch?v=cu8KpvXOSE0>

This video Juice explains how much Otha meant to everybody that knew him. This was taped at a dystonia fundraiser.

Let's smile because of the gift of knowing Otha and enjoying the music he had written throughout his career as a musician.

### **The "O" Award**

This year's "O" Award is presented to an amazing person! I will turn this part of the newsletter over to Brenda Young.

"Shawn Williams is the worthy recipient of the "O" Award this year to honor her charity and generosity of time, spirit and resources. Shawn is an active member of the Music City Community having worked as a writer starting with *Music City News*, moving to publicity with Sony Records, helming her own marketing company working with such artists as Beyonce & Bob Dylan, as well as currently serving as Director, Strategic Marketing & Publicity with SESAC. Shawn contributed her skills and expertise voluntarily to the Juice Newton Organization for many years.

Outside of career interests, Shawn is a giver, through & through. Many an early morning-really early!- Shawn can be found providing breakfast and lunches for the homeless in Nashville. She is active in

animal rights and frequently fosters and relocates abandoned animals. Shawn was one of Otha's favorite people because of her kindness, humor, and positive outlook in which she chooses to view the world around her, and of course, her love of dogs!

It is for these reasons, and the basic goodness that Shawn exemplifies, that we know that Otha would be proud for Shawn to receive this award in his honor and memory."

Thank you Brenda and congratulations Shawn!!
