Parents and Guardians,

Welcome to the Little Harvard Family!

It is our aim to provide quality child care services to families in and around Saint John, the Kennebecasis Valley and the surrounding areas. The goals of the programs we offer are to provide safe and fun environments for children to develop socially, emotionally, physically, and intellectually, all within a warm and caring atmosphere.

The purpose of this handbook is to provide you with pertinent information in regards to the policies and procedures of our programs. Our policies and procedures help us maintain the highest level of quality care and in doing so, meet the Standards for Daycares as set forth by the Social Development Department of New Brunswick. We ask that you read through this handbook and ask for your full cooperation in following our policies and procedures. This will help facilitate the day to day operations and administration of our Centres.

Best regards and warmest welcomes,

Angela MacCallum BA, CYCW
Director

Little Harvard Philosophies

The overall goal of Little Harvard is to provide children with an environment that will promote their optimum development. Therefore, the following tenets underlie our philosophies:

Individuality

Each child is an individual with their own rate and style of learning and growing, their own unique patterns or approaches to situations, and their own innate capacities. Every child needs opportunities adapted to their individual needs with respect for individuality.

Family-Centered

Parent(s)/guardian(s) are an essential source of expertise with respect to their own child, and hence, must be actively involved in planning for the development of their children. As such, it is imperative that we work in partnership to gain a better understanding of each other's needs, as well as to better serve your child.

Policy for Inclusion

Little Harvard strives to allow children of all abilities the chance to participate in any and all activities carried on by our Centres. Through observation and documentation, we will use the child's strengths and challenges to develop individual goals and plans, allowing each child to feel included in everyday life at Little Harvard. We realize that children come with strengths. They benefit from forming new and diverse friendships which support their development, both socially and emotionally. They learn to be supportive, develop leadership skills, and develop skills in caring and sharing. This helps the child grow a strong sense of community. Inclusion allows our staff to grow and further their skills as well as they expand their knowledge and competencies through practicing new methods to better include and support all children. Inclusion fosters a problem-solving approach. It allows staff to see what each child can contribute to their environment. We at Little Harvard enroll the input and help of families in planning and goal setting for their child. This inclusion of families builds relationships between the child, their families, and our staff. Families are provided with a voice to better advocate on behalf of their children.

Little Harvard has instated a Policy of Inclusion based on these values. Our policy is as follows:

We will provide an environment which allows all children, regardless of ability or other characteristics, the chance to participate in any and all activities being executed by our Centres. Our values, policies and practices will support the right of every infant and young child and their families, the ability to participate in a broad range of activities and contexts. We will share information, ideas, and strategies to pursue common goals, allowing a flexible approach in customizing and adjusting to meet individual needs. This will help the child develop a sense of equality and belongingness at our Centres.

Definitions of our policy:

The Child: Any infant or young person who attends any of our Centres. They may or may not demonstrate a diagnosed disability. All children need accommodations and or supports to learn and meaningfully participate in either our Early Learning or Afterschool activities or programs.

Inclusive care: The values, policies and practices that support the rights of all children and their families regardless of abilities. Inclusive care allows children to participate in a broad range of activities as equal members of the Centres, their families, their communities, and society as a whole.

Meaningful participation: The child’s role must be valued by all involved in the activity, including the child themselves. It is more than being present in the activity; the child must be actively engaged in the activity.

Natural Proportions: The ratio of children enrolled with disabilities represents the “community at large”.

Documented plan: A written plan for children with additional learning and support needs. This comes from the process of observation, reflection, planning and evaluation. We observe and document needs, patterns and triggers; meet with families to go over our plan and strategies; look for community support and contact licensing, if required.

All children, regardless of the basis of level or type of needs, shall not be excluded from any activity or be denied access to any program, within our Centres. All children are allowed to attend the Centres during all open hours, as long as we can ensure safety and security. Parents are encouraged to participate in the care of the child through staff and community interaction. This open and positive communication will help children of all abilities develop and grow.

Activity areas within our Centres are set up so that all children can access and use program materials regardless of their abilities, whether apparent or not. Observation and follow up with documentation are used for support. We, as a professional company, can use this information to modify or change programming to better accommodate a child’s needs.

This policy will provide a level playing field for all children in our Centres. Our policies and practices will allow the children of Little Harvard to develop and grow skills which will prepare them for entry into the school system and carry them through the early years of school once there. For more information please see document “Supporting All Children” on the parent board.

License to Operate

Our Little Harvard Centres are licensed by the New Brunswick Department of Education and Early Childhood Development. As such, we operate in full compliance with the Child Day Care Facilities Operators Standards and Day Care Regulation 83-85 under the Family Service Act.

The Organizational Structure

The Director

Our Little Harvard Centres are corporations run by their owner/operator, Angela MacCallum. Angela is responsible for the administration, marketing, and management of all personnel. Angela has a BA Degree in Psychology and a Diploma in Child and Youth Care. She is mother to a pair of very active girls. She is approachable and strives to raise the level of caring and professionalism for our family of Little Harvard Centres.

Supervisors

Each Centre has an appointment supervisor. They are the first point of contact for parents and staff. In the Directors absence, the supervisors are in charge of our Little Harvard Centres.

Dunn Ave Campus: Sarah Whalen

Gondola Point Campus: Julie Hood

Havelock Campus: Kerry-Anne Morris

Staff

Within our Little Harvard Centres, we believe that staffing is the most significant aspect in operating a successful business. Therefore, we will strive to recruit and employ *only* qualified Early Childhood Educators. At the minimum, all staff will be certified with Standard First Aid and CPR and undergo both a Social Development Record Check and Criminal Record Check.

Abuse

Little Harvard does not tolerate child abuse. If any abuse is suspected at any time, the proper authorities will be notified. This is to ensure that the safety and well-being of the children comes first and foremost.

However, if we lose power from 3:00pm on, your child will be permitted to finish out the day with us (to 6:00pm). In all cases of closure, we will send a group email as well as update our Facebook. If emergency agencies request that vehicles stay off roads or busses are pulled, we may close. You will *still be responsible to pay as normal* for any closures we may experience.

Health and Safety and COVID-19

Health

Child Illness

Hand washing significantly reduces the transmission of infections. Therefore, we would ask children to wash their hands *immediately* upon arrival at our Centres and throughout the day as requested by their Educator (e.g., after using the toilet; before and after eating meals and snacks; after outside play).

We would ask that you *not* bring your child into the Centres if they are displaying any of the following symptoms of illness:

- Fever (oral temperature 38°C or greater; rectal temperature 39° C or greater, armpit temperature 38° C or greater accompanied by behaviour changes or other signs of illness).
- Diarrhea as defined by an increase in frequency of stools and/or change to unformed loose, watery stool. Fever, loss of appetite, nausea, vomiting, abdominal cramps, mucus or blood in stool may also occur.
- Vomiting illness (in excess of typical infant spit-ups).
- Mouth sores associated with an inability of the child to control his/her saliva.
- Rash with fever or behaviour changes.
- Infections (e.g. infected eyes with discharge) until 24 hours after treatment started by physician. (physician note will be required)
- Infestations (e.g. scabies, head lice, pinworm) until after first treatment with a medicated product (For more information, please see **Managing Illness in Child Day Care Facilities Parent's Role**).

Children who are displaying such symptoms are *not* to attend until the symptoms have ceased, unless otherwise stated by a physician. In addition, children should *not* attend if the illness will prevent them participating comfortably in all scheduled activities. If your child will not be attending, please notify the Centres before 9:30am.

For some illnesses, there is a required time period where your child cannot attend our Centre (For more information, please see **New Brunswick Child Day Care Facility Exclusion Reference Guide**). If your child is diagnosed with any of these illnesses, you must follow the exclusion guidelines and complete the **Return After Exclusion Form** for your child to be re-admitted to our Centre.

****Should your child become ill while at one of our Centres, they will be required to be picked up within one hour.**

Symptoms of COVID-19:

new or worsening cough
shortness of breath or difficulty breathing

temperature equal to or over 38°C

feeling feverish

chills

fatigue or weakness

muscle or body aches

new loss of smell or taste

headache

gastrointestinal symptoms (abdominal pain, diarrhea, vomiting)

feeling very unwell

Children have been more commonly reported to have abdominal symptoms, and skin changes or rashes.

Symptoms may take up to 14 days to appear after exposure to COVID-19.

2 or more symptoms you are required to call 811 for further instructions.

Medication

If your child is required to take medication, it must be in the original container with the original label, and have a child-protective cap on it. Labels must include the dosage and name of the child for who it is intended for, name of physician, instructions, and time period of use.

Other medications such as pain reliever or cough syrup will only be given with parent/guardian's consent and also must be in original container.

For each new medication, either over the counter or prescribed, a parent/guardian is required to fill out a **Child Day Care Facilities/Administration of Medication Record (Part A)**. Upon enrolment, you will also be asked to sign a **Consent Form/Administration of Acetaminophen Form (Part B)**.

Child Health Record

On the **Child Profile Form**, we would ask parent(s)/guardian(s) to clearly identify any dietary restrictions, food allergies, or medication allergies their child may have. In addition, parent(s)/guardian(s) are **asked to provide** a copy of their child's immunization record. Parent(s)/guardian(s) are responsible to update their child's immunization record and provide this to the Centre as changes occur. Furthermore, parent(s)/guardian(s) are asked to indicate any special conditions (e.g., asthma, diabetes, epilepsy, etc.) that their child has.

Incidents

All incidents, reportable and non-reportable, are recorded and kept in the child's personal file. *Reportable* incidents will be recorded on a formal **Incident Report Form** and forwarded to the Coordinator within twenty-four (24) hours. Copies will also be provided to parent(s)/guardian(s). All *non-reportable* incidents will be filed in a daily log, and signed by parent(s)/guardian(s) as they occur. Upon acceptance, parents will be asked to sign a **Consent**

for Emergency Care and Transportation Form.

***Please note:** *Reportable incidents* involve unexpected illnesses where the child requires immediate transfer to a hospital, motor vehicle accidents, and other injuries such as falls where the child requires emergency transfer to a hospital, etc. In contrast, *non-reportable incidents* do not require emergency medical attention for the child, but may require proper cleaning of cuts and application of ointments, band aids, etc.

Safety

Little Harvard meets the safety licensing standards set forth by the Department of Social Development. As such, we:

- Conduct weekly checks of smoke alarms; annual checks of fire extinguishers; monthly fire drills; monthly checks of indoor and outdoor play equipment; and, monthly checks of First Aid Kit supplies.
- Post emergency evacuation plans and emergency telephone numbers.
- Keep all medications and toxic products stored in a locked area inaccessible to children and separate from food, and each other.
- Ensure children are supervised at all times, both inside and outside the Centre as well as on outings away from the Centre.

Emergency Evacuation Plan

In the event of an emergency requiring us to leave a Centre we will walk from either the Early Learning Centre located at 531 Dunn Ave. to the After School Centre located at 576 Havelock St. or Vice Versa. From our Gondola Point Campus, we will walk to Fairvale Elementary School located at 11 School Ave. You will receive an immediate call notifying you to pick up your child at the appropriate Centre within *1 hour*.

Non-Smoking Policy

In accordance with the New Brunswick Smoke Free Places Act, **smoking is prohibited at all Little Harvard Centres.** This includes in our buildings, play area, properties, and vehicles that transport children. For individuals who do smoke, we ask that you do so out of sight from the children. We would also ask that you do not throw cigarettes, matches or packaging on the ground outside of or around our Centres.

Program

Programming

All programs are planned to meet both the level of experience and interests of each age group, as well as their developmental needs: social, intellectual, creative, physical, and emotional.

Program Schedule

For the most part, the daily schedule will remain the same in order to create a stable and predictable environment for the children. However, the activities planned can change according to topics and outings. Changes to schedules will be posted outside of each classroom. Parent(s)/guardian(s) can also be provided with these schedules at their request.

Nutrition:

Parents are required to send 2 snacks and lunch daily. *We are a nut free facility.*

Personal Belongings

All children will have their own cubicle for personal storage space. We ask that *all* personal belongings be labeled with your child’s name. To help prevent the spread of communicable diseases and skin infections, we ask that children do *not* share personal belongings. We require parent(s)/guardian(s) to send:

- Hard-soled indoor shoes/sneakers for *all* children (preferably not with black soles)
- In the spring and summer; bug spray, sunscreen, splash pants, rubber boots, and a sun-hat for *all* children
- In the winter; snowsuit, boots, hat, and *extra* mittens for *all* children and an *extra set* of clothes to change into (top to bottom-pants, underwear, shirt, socks)
- Diapering supplies (diapers, wipes, creams) for children in diapers. For those who are potty training, extra bottoms are required. Please check white boards for supplies.

We ask that parent(s)/guardian(s) do not send toys from home with their children, unless it is an item for “show and tell” purposes or an item that can be shared with the group (e.g., book, CD). However, if your child has a favorite comfort item (e.g., a blanket, teddy bear, pacifier), we encourage parents to send it. These transitional items are of great importance to children. If you do send an item from home with your child, we ask that it be age appropriate and properly labeled with your child’s name.

Finally, each child has their own portfolio, which will include artwork, stories, souvenirs from outings, documentation from Educators, etc. Please take a moment to read these!

Activities Off Premises (suspended due to COVID-19)

We will try to plan a scheduled outing as often as possible. Upon acceptance, you will be asked to sign a **Consent for Outings, Excursions, Activities Off Premises of the Day Care Facility**. Important to note is that our fees do not include outings. However, outings will typically not exceed \$5.00 and you will be given notice in advance. The fee is to help with the cost of the activity and/or transportation (i.e., chartered bus). If you do not wish for your child to go on the outing, you will need to find alternate care. Please send your child’s money for outings at least *1 day* prior to the outing in a clearly labeled envelope.

Child Guidance Practices

By helping to eliminate problems before they arise, we believe in taking a proactive and preventative approach to undesirable behaviors. We do so by using encouragement and positive reinforcements. The rules are posted, and will be administered in a consistent manner. Children will be frequently reminded of the rules.

When disciplining a child, we shall use warnings, verbal/non-verbal cues, and reminders first. If unsuccessful, a child will be issued a *time away*, appropriate to the child’s age and developmental level. A time away is not used as punishment, but rather, as a tool to help children to independently regain control of themselves.

In the event that a child is physically aggressive toward another, the child will be immediately removed from the situation until he/she can safely return. If a child is physically aggressive a second time, a meeting will be held with the parent(s)/guardian(s) involved to try to resolve the behavior. If a child continues to be aggressive and safety becomes a concern, you may be issued a 2 week written and/ or verbal notice of termination of services.

After School Program

We here at Little Harvard are pleased to offer an After School Program for our children once they have entered Kindergarten.
